## WAR IN EAST IS REPORTED ALREADY ON

Despatches To London Tell Of Clash With Turks

BRITISH SUBJECTS FLEEING

Ordered To Leave Constantinople At Once

(BY LLOYD ALLEN)

LONDON — (United Press) — War in the Near East feared as a result of the breakdown of the Lausanne conference may already have begun, according to reports reaching London today.

No official word of actual hostilities has been received, but various despatches suggest a threat in the Near East. Reports from the Turkish side were said to have been received from the Turkish side.

The Daily Mail today said such an uprising against the British in the Near East would be a serious blow to the British Empire.

Officials suggested the reports might be nationalist propaganda but admitted about 70 miles from the nearest rail head and that official confirmation might be slow in coming.

BRITISH FLEE  
British nationals and Maltese who have been living in Constantinople were hastily evacuating the former capital. Nearly two thousand departed for Malta on New Year's Day and all others have been ordered away as a precautionary measure.

Other reports from Ankara declared the Kemalists were agitated over the situation at Lausanne and had adopted a more aggressive attitude than ever. The Ankara assembly was to pass a report from Ismet Pasha, today which was not expected to ease the bitter tension.

Britain strengthened her Mediterranean fleet over the week end.

BRITISH STANDS PAT

PARIS — (United Press) — Despatches reported up to date from Constantinople, and despatches from the Ankara government, today determined to make no concessions to Turkish demands regarding Mosul and the Turkish zone around the city.

The Ankara government urged to London to support the Turkish zone around the city.

The Turkish threats of war are to be met without the least sign of equivocation, it was stated in British circles following a conference between Bonar Law, Curzon and the advisers here this morning.

## FIVE POLICEMEN SHOT BY MOB

Oklahoma Scoured In Search Of Negro Slay

SAPULPA, Okla. — (Associated Press) — Officers and armed citizens were scouring the hilly country north of here today for four negroes who killed one policeman and wounded four others.

When the officers went to the negro district in response to a mysterious telephone call.

While the town is aroused over the attack upon the policemen, no trouble is feared by the city authorities. The town was quiet today.

The telephone call was received by the police at night, reporting trouble in a certain address in the negro district. Five officers, sent to investigate, found no disturbance and returned to the district. They were then told that lights were darkened in the district.

A hail of bullets came from the negro district. One officer, Officer S. E. Bramley, fell dead with a bullet in his chest. The other four officers were wounded.

The four negroes were taken to the hospital. One of them was killed. The other three were wounded.

The negroes can out a side door of the cafe where reinforcements arrived and, it is believed, escaped in a motor car. They are armed with high-powered rifles.

Police declare that Ed Glass, an undertaker, who has been involved with the authorities recently, was the leader of the negroes.

## TRAIN IS DERAILED

Many Injured When Dixie Flyer Leaves Track

LACON, Ga. — (Associated Press) — Two persons were seriously injured and several others hurt when the Dixie Flyer, northbound from Jacksonville to Chicago, was derailed this morning at 6:40 o'clock.

The injured were taken to a local hospital, where their injuries were treated.

The two day coaches, one sleeping and one dining car, were derailed from the main track and derailed. The injured were taken to a local hospital.

## 9 OHIOANS SLAIN NEW YEARS DAY

Four Of Murder, Suicide and Accidental Shootings

TWO WOMEN ARE IN LIST

127 Persons Jailed In New York Following Liquor Raids

COLUMBUS — (United Press) —

Murder, suicide and accidental shootings took a toll of nine lives in Ohio today.

Fifteen stab wounds were found in the decomposed body of Francisco Bontas, picked up by motorists near Toledo.

William Low, a porter, shot Mrs. Bontas; O'Connell, death at the door of her Newark home; and then committed suicide by cutting his own throat.

Three roomers, including a 16-year-old girl, are held in connection with the slaying of Charles Marquis, shot as he stepped into the porch of his rooming house in Akron.

Canton police are holding Joe Fernandez, 23, alleged maniac, charged with killing Mrs. Elizabeth Rios, 28, and her three-year-old son Daniel. Fernandez is said to have gone insane during a New Year's ball at the Rich home.

John Gibson, 52, Coddingtonville farmer, died of bullet wounds received in a New Year's brawl.

Earl Perry, 17, son of the chief of police of Sandusky, was accidentally shot to death while cleaning his father's revolver.

Edmund Bennett, 43, Cleveland, drank poison at the dawn of 1923 and died two hours later.

RECKLESS SHOOTING  
New York began the new year with two deaths from shootings. 18 persons wounded by fire.

Despite the fact that over 1,000 cafes and restaurants were raided by the city forces New York was far from dry and police reported a great deal of drunkenness in the streets New Year's morn.

The practice of reckless shooting from windows and rooftops, a custom which was introduced here only last year, assumed the proportions of a real peril.

Most of the shooting was in the Italian quarter, where hundreds of pistols were being used at the same time.

Of the two persons killed, one was a little girl of eight years and the other a man of 60. They were both hit by stray bullets.

## JOHN BARLEYCORN IS REVIVED

New Years Celebrators Pay Fines In Police Court

Method of celebrating the New Year, made famous by Crabbe and Voltaire, had many opponents in Lima today.

Of the large number who started the year with liquid refreshments, a few were haled into criminal court Tuesday morning.

Most of those to face Judge Jackson evidently thought their deeds were worth a fine, as all admitted the guilt.

Harry McDonald, 60, janitor, no home, a frequent visitor in the court, was fined \$10. Jack Fay, 21, waiter, 970 Rice st., was assessed \$15 each. "Buntin" Davis, 38, painter, 918 W. Elm st., did not appear in answer to his name and forfeited a \$20 bond.

J. C. Mullin, contractor, 40 W. Murphy st., was dismissed from a charge of fighting. His opponent, Donald Culber, 28, laborer, Delger Hotel, was fined \$10. Both denied drinking previous to the mixing.

George Sullivan, 2803 N. Jackson st., Benn, Athol, 26, E. North st., Bill Crane, 1058 S. Main st., Van Holly, 201 1-2 E. Wayne, J. Miller and Joe Sweeney, Oakland Hotel, each contributed \$15 to the c. as they answered to their names.

## SECRETARY FALL TO RESIGN

Will Retire From President's Cabinet March 4

RETURNS TO PRIVATE LIFE

Refuses Offer Of Position On Supreme Court Bench

WASHINGTON — (United Press) — Secretary of the Interior Fall will retire from President Harding's cabinet on March 4, it was officially announced at the White House today.

He will be the second member of the cabinet to resign during President Harding's administration. Mr. Fall, 52, was born in New York and has been in the cabinet since 1917.

The president's cabinet is a position on the supreme court bench, succeeding Justice Pitney, it was said, but Fall declined to accept this position.

GAVE UP ACTION  
At the White House it was stated that Fall was insistent upon returning to his private business interests which he has long neglected because of public service in the senate and the cabinet.

It was believed, however, that President Harding's recent decision to support the conservationists in their fight against Fall's plan to gain control of the forest reserve of the country by having the forestry bureau transferred from the department of agriculture to the department of interior, played some part in the secretary's determination to retire.

There was no indication today as to who would succeed Fall as secretary of the interior. President Harding has made no decision as to his successor, it was said.

Carmel Thompson, recently defeated for the governorship of Ohio; Harry New, defeated for the senate in Indiana; and Representative Mondell, Wyoming, defeated for the senate in Wyoming, are among those mentioned for the post.

Fall will have rounded out exactly two years of service in the cabinet when he retires, March 4. Previous to that he served nine years as a senator from New Mexico.

## COUE WILL TELL YOU:

1—Eat Slowly; 2—Never Worry; 3—Look on the Bright Side of Things; 4—Think Sane and Wholesome Thoughts

By MILTON BRONNER

NANCY, France. (Special) — Coue is on his way to America to do all Americans good. That's what he told me just before he left his clinic here for New York.

Coue is very insistent that you shall not call him "Doctor."

"I am Monsieur Coue, at your service," says the French psychologist, with fine and unaffected simplicity.

Here in Nancy he is looked upon as the leading citizen, because he is the most celebrated. People come from all over the world to his simple home on the Rue Sainte Jeanne d'Arc, or to the little cottage in back of it where Coue meets those who want his help.

I asked him whether autoguggestion as practiced by him was not kindred to Christian Science.

Coue promptly answered: "In Christian Science people are cured by prayer."

"I teach people to cure themselves by themselves."

"Considering every sufferer as a possible physician, I say to him, 'Physician, heal thyself!'"

"I do not claim to work miracles. I simply help others to help themselves."

## WITNESS IN PROBE OF MASKED BAND KIDNAPED

NEW MYSTERY FOR LOUISIANA

Wealthy Oil Man's Son Disappears From Plant

OFFICIALS ARE BAFFLED

More Arrests In Connection With Murders Expected

BULLETIN

JENNINGS, La. — (Associated Press) — The Jennings cavalry of the Louisiana national guard was ordered today to entrain for Morehouse parish.

BASTROP, La. — (Associated Press) — Troubled Morehouse, hardened to thrills by its series of tragic happenings, started the new year with another mystery to solve—the disappearance of Harold Teegerstrom, son of a wealthy gas and oil field operator, acting time keeper at a Spokier, La., carbon plant.

He was regarded as a prospective witness in the forthcoming state investigation into masked band depredations which culminated in the recent kidnapping and slaying of two citizens of the village of Mer Rouge. Watt Daniels and Thomas Fletcher Richards.

Department of justice agents ordered their energies today in an effort to locate the missing man. Thus far the trail had not been fruitful.

One of the investigators who had charge of the inquiry into the disappearance of Teegerstrom related to newspaper men that he had positive information that the carbon plant was involved.

Teegerstrom disappeared from the company plant Friday night immediately after he responded to a mysterious summons from outside. The incident, however, was not reported until today.

Information brought to the sheriff's office here, he appeared at the home of a friend, Henry Jones, a saw mill operator, borrowed \$10, left a watch to be turned over to a brother and keys to the company's office, and announced he was "leaving." Since then all trace of him has been lost.

The plant where Teegerstrom was working is that in which T. J. Burnett, who is now in jail on a charge of murder, was employed. Burnett is alleged to have been implicated in the killing of Daniels and Richards.

The disappearance of Teegerstrom overshadowed other phases of the investigation today.

What additional arrests will be made, and when, is a carefully guarded secret. It is understood, however, that a score or more of indictments will be sought.

DOCTORS TO REPORT  
It was announced that the reports of Doctors George W. Laval and John A. Sanford, New Orleans pathologists, who made autopsies on the bodies of Daniels and Richards after they were recovered from Lake Le Fourche, would probably be submitted to the attorney general today.

Additional secret service men arrived today to join the federal agents who have been here several months investigating masked band activities. It was believed that the new arrivals are to be based in the back of the arrests or keepers informed about material witnesses.

SHE STARTED MER ROUGE PROBE

When her father was missing after a raid by masked men at Mer Rouge, La., Leola Richards, 2, went to Baton Rouge, state capital, accompanied by her mother, and tearfully begged Governor John M. Parker to find her daddy. The governor started a probe under cover of military machine guns, which found Leola's daddy—a mutilated corpse at the bottom of Lake Le Fourche—uncovered another slaying and now promises to lead to indictments against 45 citizens.

## EFFECTS OF SLEET STORM STILL FELT IN HARDIN CO

KENTON — Hardin co has not recovered from the effects of the severe snow and sleet storm of last week. In many sections of the county, telephone service is not yet restored and will not be for another week.

Ice freezing on wires and a heavy north wind combined to break down hundreds of telephone poles and scores of miles of wire still lie on roadsides. Damage to the telephone system here will amount to thousands of dollars, according to J. D. Parks, manager of the Kenton Telephone company.

## DECISION IS REACHED BY OHIO SOLONS

Action Agreed On Following Davis' Recommendation

BILL TO BE PASSED TODAY

Governor Reports \$19,000,000 Now In Treasury

BULLETIN

COLUMBUS — (United Press) — The house this afternoon passed the Dunn tax levy bill, abolishing all direct state tax levies effective in September, 1923, except the soldiers' bonus levy.

The vote was 93 for, none against.

COLUMBUS — (Associated Press) — Again breaking precedent, the state legislature on the second day of its session was expected to enact a law abolishing the state tax levies except that provided by the constitution for paying retiring soldiers' bonus bonds.

Before adjournment this evening the bill abolishing the state levies is expected to be on Governor Davis' desk awaiting his signature.

Abolition of the state levies was recommended by Governor Davis in his final message to the legislature, read in both houses at the morning session. Immediately after the reading of the message the house majority caucus under the leadership of Floor Leader Dunn and it was reported reached unanimous decision to pass the bill today.

A canvass of senate Republicans was said to disclose sufficient votes to pass the bill in the upper branch also.

VOTE CANTYASSED  
Approval of the state levies which included levies for roads and schools was also recommended by State Auditor Wesley V. Egan's report. It also was recommended by the Ohio Tax Association.

Minority Floor Leader Atkinson said he did not know what attitude the minority will take on the bill.

The two houses also met in joint session last before noon and made a formal canvass of the vote cast for Governor and other state officials at the last election. This formally constituted the official declaration of the election of A. V. Donahay as governor and other state officers elected in November.

The total state levy is \$2,585 million, of which \$2,555 million goes back to the counties for school purposes, and consequently is not in strict sense a state levy. This would be taken care of by local county levies as will be provided in bills yet to be introduced.

The state levy proper of 1,025 million for universities, institutions, buildings and roads in 1923, Governor Davis said, amounted to more than \$11,000,000. Some of these levies would expire this year but the chief executive recommended that money from the general revenue fund be used to carry on such activities in the future.

STATE PROPOSAL  
Pointing to Ohio as "standing on the highest peak of prosperity in all its history," Governor Davis strongly advocated transfer directly to the taxpayers of the benefit of this condition through the abolition of the state tax levy.

With a cash balance of \$10,500,000 in the state's general treasury, as compared, he said, with a deficit in 1920 and with the usual operating deficiency, which has totaled nearly \$3,000,000, year after year since 1917, avoided, results credited to him in large measure to the reorganization system, Davis asked that the purposes now served by the direct state tax, outside the constitutionally provided soldiers' bonus bond levy, be financed from the accumulated surplus.

Certain estimates on the accumulation of \$10,500,000, general revenue fund balance, Davis stressed that this fund, in addition to be credited with \$2,500,000 withdrawn from it to help pay the soldiers' bonus, likewise that state tax abolition will not affect the year's revenue which is already raised, and which he calculated would be \$10,000,000 more than the present balance.

The opportunity to relieve substantially the present overburdened taxpayer from a portion of the tax under which he has labored for years no longer an empty boast, Davis declared, it is a real opportunity that has been presented gradually and aimed at, and that now is here in actual self-evident existence, and of which advantage must be taken immediately.

RECOMMENDATIONS  
The retiring governor, coupled with a record of the work of the administration, other recommendations of a sweeping nature for legislative action. These included:

Submission to voters of constitutional amendment to change the terms of governor and other state officials from four to six years.

Abolition of the state tax levies to replace them by a single state-wide tax.

Establishment of a state university system.

Establishment of a state hospital system.

Establishment of a state prison system.

Establishment of a state police force.

Establishment of a state fire department.

Establishment of a state health department.

# QUOR SITUATION CALLED MENACE

Pennsylvania Governor Declares Law Violations Peril U. S.

USE OF CRIME WAVE

Warning Fine Brood of Criminals," He Tells Legislature.

HARRISBURG, Pa.—(Associated Press)—Governor Sprout told the members of the Pennsylvania legislature today that "it is a patent fact that the prohibition enforcement laws, federal and state, are not working in Pennsylvania." The governor, who goes out of office in two weeks, delivered his final message to the legislature in person, said that some people are inclined to blame this condition upon the state's own enforcement law "and yet the fact remains that in other states which have the aid of laws which these critics demand, the results are no better."

In New York and New Jersey, where the type of laws which are enforced here have been enacted, Governor Sprout said, the results are such as to make it in Pennsylvania. Even states which have had prohibition for years, there has been more illicit trade in intoxicating liquors than here, the passage of the federal enforcement act. Here in Pennsylvania law has worked very well where local prosecuting officers are in sympathy with it. In all sections, however, convictions have been made difficult to secure and public sentiment is strangely inert and indifferent."

ANGEROUS SITUATION

This situation, he said, "is most disturbing and dangerous" and is "particularly menacing in a free land."

"Bootlegging has become a business of astounding proportions," the governor declared, "and undoubtedly the law of the banditry and crime which are now harassing the country have their genesis in the school of outlawry fostered by the illegal trade of intoxicating liquors. We are rearing a fine brood of criminals which it will require stern measures to suppress."

Education and patience may bring a cure, he declared. "The only way out that is now in sight," he added, "is a careful and conscientious enforcement of the law by the authorities, under severe penalties for disregard of duty upon the part of officials and an awakened public appreciation of the peril which the people which will make law-breaking punishable. Until the sentiment of the people supports the dry law, their enforcement will be extremely difficult and their general effect more harmful than beneficial."

# LAWMAKERS OF MIDWEST MEET

CHICAGO—(Associated Press)—The whirl of the lawmaking machinery of several states of the middle west going into action was heard today as the legislators held caucuses to name candidates for the office of the house and senate at the initial session.

Those women members in both houses for the first time, the Ohio legislature convened yesterday and organized. Taxation problems were the most important before the Ohio assembly.

In Illinois there appeared an organization contest between the administration forces and the anti-administration group, possibly tinged with the wet and dry issue. Both factions of the Republican members were said to have an equal number of votes. There appeared to be a contest in the Democratic ranks over leadership of party in the house.

At Jefferson City, Mo., Oak Hunter, Republican, of Moberly, was regarded as the likely successful candidate for speaker of the house. No candidate from the Republican ranks was announced for president pro tem of the senate. The Democrats predicted their caucus would be harmonious.

# TAX REFORM PROGRAM

The lawmakers of Tennessee today were prepared to consider their 1923 program calling for tax reform and economy, the platform upon which Austin Peay, Democrat, was elected governor last November administration. Some of the reforms included in this program were a \$600,000 reduction of land tax; complete reorganization of the highway department and various additional changes in the tax code.

Strength of the Farmer-Laborites was expected to be revealed today in the house speakership election of the Minnesota legislature. Carl M. Iverson, Farmer-Labor, opposes L. M. Nolan, speaker at the last session. For the first time in the state's history four women occupied seats in the house of representatives.

Labor legislation loomed as the most pressing problem for Oklahoma legislature at Oklahoma City. Election of officers was considered merely as a formality, as selections had been made previously, all with the reported approval of Governor-elect J. C. Walton. T. H. Mathers, a Republican, was connected with which goes into initial session at Lincoln. Charles L. Saunders was named candidate for president pro tem of the senate. The North Dakota legislature also got under way today.

# GUARDIAN FOR GIRL-WIFE IN DIVORCE SUIT NAMED

Appointment of a guardian to look after the welfare of Margaret Cooper, 17, defendant in a divorce action instituted in common pleas court by Glenn Cooper, was made by Judge Fred C. Becker, Tuesday.

A. M. Rodgers was named by the court as guardian. Request for the appointment was made by the husband, who is seeking to divorce the girl-wife after less than six months marital relations.

They were married in Monroe, Michigan, July 29. The husband in a petition filed in court recently accuses his wife of staying out late at night, and with indiscreet actions with a man named Floyd Brown.

His petition alleges that he discovered the two together in the home of a friend.

FIRST PERMIT FOR 1923

First building permit of the new year was issued Tuesday to S. E. McClure. He will erect a garage valued at \$300, at 713 E. High-st.

# RAIN, SNOW MAY CLOUT OLD SOL

It requires a lotta nerve to predict snow or rain for the immediate future while the sun is shining, according to the opinion of Ted, the weather mascot, but on the face of reports from Columbus, from the forecasters, it must be done.

Up to noon Tuesday, the weather was running according to program, with bright sunshine, after a remarkable clear and frosty night, following a several day period of snow and sleet and rain. Just now the pavement are dry and pedestrians have no complaint to make on that score.

Cloudy, snow in north portion, rain or snow in south portion tonight and Wednesday. There's the program, whether you like it or not, it may not be correct, but the forecasters have the nerve to make that sort of prediction.

Somewhat warmer tonight. Cold-er in west portion Wednesday. Conditions indicate there may be something more than rumor to the line of talk released from the weather bureau. Ted is not alarmed. He's ready for anything the prognosticator may send along, whether it be sunshine, rain, sleet, snow or all mixed up together in an old-fashioned blizzard.

# ROBBERY PLANNED YOUTHS CONFESS

Two Of Quartette Taken Here Held On Kention Charge

Lima apparently had a close escape from a spectacular holdup on New Years.

The gang was organized. The preliminary trials into the realm of the very bad, been passed. The gang had its program of burglary mapped out for the next six months. It was planned to stage a spectacular hold-up at the Knights of Columbus Recreation building New Year's night. Mansfield, Springfield and other cities had been selected as fruitful fields. But plans miscarried—the gang was arrested. A career of crime was halted.

All this was disclosed in a alleged confession made by two of a quartette of Lima youths, taken into custody Sunday, according to police.

Those arrested were registered as Howard Mitchell, 18, of 331 S. Main-st.; Eugene Flanagan, 19, of 318 E. West-st.; Floyd Mitchell, 20, of 327 1-2 S. Main-st. and Paul Cole, 18, of S. Main-st. The first two named were arrested at the request of the Kention chief of police in connection with a robbery in Kention recently.

Floyd Mitchell, a brother of Howard Mitchell, was charged with receiving stolen property, but police expect him to be cleared, they said. Cole was booked as a suspicious character.

Howard Mitchell and Flanagan will be turned over to Kention authorities.

# DAIRY CATTLE FEEDING SUBJECT OF DISCUSSION

Feeding of dairy cattle was discussed by Jackson-tup farmers at an all day meeting in the Lafayette town hall Tuesday. Methods for the correct balancing of food elements were explained by Ivan McKellip, state worker. Eli Smith was in charge of the meeting.

A similar assembly will be held Thursday at the Shawnee-tup house for farmers of that portion of the county. McKellip will also be instructor at this meeting.

There will be a meeting of the Women's board of managers at City hospital, Wednesday, 9:30 a. m.

# RUM POSSESSION IS DENIED BY RAY KINSEY

Ray Kinsey, 30, of 328 N. Central-av, pleaded not guilty to a charge of possessing liquor, which was arranged before Judge Jackson Tuesday. His trial was set for January 9.

Kinsey was arrested by local police following a tip from federal officers, who assert they found a pint of liquor in a beer bottle. Evidence showed that a supply of liquor was expected, police say.

# BIG LEMONS SENT TO LIMA FROM ALABAMA

"Lemons is lemons," A. E. Barber, Lima R. D. 5 commented Tuesday when he displayed at the office of The Lima News two extraordinarily large lemons sent to him from Russellville, Alabama, by his brother-in-law, Curtis Barber.

One of the huge products of Alabama weighs two and a half pounds and the other two pounds and three ounces. They are fully ripe and would loom large in a tub of lemons on citrus day or the 4th of July.

# KIWANIANS HAVE NEW OFFICERS

George Eckert Installed As President; Ball Planned

Officers for the new year were installed by the Kiwanis Club at its regular luncheon meeting Tuesday noon, at the Hotel Argonne.

Following a review of the activities of the past year by the retiring president, A. C. Caljaeb, the new president, George Eckert, was given his official insignia by Walter Jackson, district governor.

Among the achievements of the year mentioned by Caljaeb was the underwriting of a \$5,000 note to aid the Social Service bureau in the carrying on of its work; banqueting of 200 high school graduates; a "Kite Contest"; caring for 23 children in a fresh air camp and the Christmas party for a number of Lima youths.

Unlabeled effort in the club's behalf was pledged by George Eckert, who took up the reins of government for the year. He promised to do everything in his power to make the coming year the most successful the Lima organization has ever seen.

A report by Mrs. Wallace Landis, chairman of the children's Christmas party, showed that \$189.85 had been donated by members and \$32.74 spent for the gifts. A balance of \$30.07 remains to be used for the care of underprivileged children being cared for the club.

Arrangements are now being made for the entertainment by the Royal Welsh choir which will be held under the auspices of the club. A committee composed of Earl Rohn, chairman; James Grubb, Frank Schenk, Harvey Grider, Dr. Herbert Thomas, I. W. Green and Gibson Dilline will handle the details of the musicale.

The president of the International Kiwanis will be present at the inaugural ball in honor of Governor Walter Jackson, January 16, Frank Pringle, chairman of the committee, announced.

It is planned to make the banquet the outstanding event of the state Kiwanis year, he said, and indications are that practically every club in Ohio will be represented. The event will be held in the Elks banquet hall.

# DELPHOS KIWANIS HOST TO HEROES OF GRIDIRON; ADDRESS BY LIMA MAN

Dr. G. J. Clark assumed the reins of authority as president of the Kiwanis club at Delphos, Tuesday noon, at a luncheon meeting, succeeding Dr. F. G. Maurer, who becomes secretary-treasurer.

It was announced that Dr. Maurer had been made vice chairman of the Kiwanis state grievance committee, by Governor Walter Jackson, of Lima.

E. L. Baxter, of Lima, addressed the meeting on the benefits of football in college life, developing the muscle and sinews of the body of students while their minds are being filled with knowledge.

The club entertained members of the Jefferson high school football team, with their coach, Eugene Correll. The gridiron men were introduced by Governor Jackson, and their individual achievements on the field related. Members of Kiwanis joined with the athletes in songs appropriate to the occasion.

# BOTKIN MARRIES 73 COUPLES

Record Established By Justice Of Peace For Year

E. M. Botkin, justice of the peace, lays claim to the title of the marriage champion of Allen-co for 1922.

He did the honors in not less than 73 marriages during the year, closing at midnight, December 31.

A total of 626 marriages were performed in the county during the year, a vast majority of the contracting parties having the knot tied in church.

"I am the knot," declared Justice Botkin, "but cannot guarantee that they will stay tied. Not with the courts working overtime on divorce cases as master of ceremonies in 73 weddings, 970 civil suits have been disposed of in Botkin's court. A similar number of cases were heard in 1921.

Criminal activities coming to the attention of Botkin's court have shown a decided slump under the figures for 1921.

In 1922, a total of 136 criminal actions were filed. During the previous year the record shows 292 cases.

"Many persons were out of work in 1921," Botkin said, "and were forced to steal, or thought they were, to get along. Arrests of men charged with stealing coal were more numerous than this year, when fuel is much higher."

# ROOF ABLAZE CAUSE OF FIRST ALARM IN 1923

First fire alarm of 1923 here occurred at 1:10 p. m. Tuesday when departments 1, 3 and 4 were called to extinguish a roof fire at 417 N. Metcalf-st.

Sparks from the chimney caused the blaze. The house is occupied by Herman Meyers.

# DECISION IN COLUMBUS CASE AWAITED TO CLEAR STATUS OF OFFICIAL HERE

Disposal of an injunction suit instituted in common pleas court in Columbus, to determine the validity of the law under which county commissioners were elected November 7, was expected Tuesday, advises received by A. J. Gray, Allen-co commissioner, indicated.

Gray cannot officially enter upon a second term of four years until the injunction is settled. His commission is temporarily being held up by Secretary of State Smith on this account.

Gray was elected for a two-year term in 1920, receiving the lowest vote of the trio of G. O. P. commissioners. The law has been frequently questioned, but was never put to a test until the Columbus suit was instituted.

Should the law be held invalid, the terms of John Thompson and W. W. Craig, four-year men, will end next September.

# THOUSAND ATTEND "Y" OPEN HOUSE

Volleyball, Basketball Events Feature Varied Program

Nearly a thousand people attended the Y. M. C. A. annual New Year's open house Monday afternoon and evening at the "Y" building. The crowd was much larger than for a similar event in any previous year and taxed the gymnasium and auditorium to capacity, viewing the well arranged and varied program of music, drills and exhibitions.

The Second Street M. E. church orchestra furnished music in the lobby where the visitors were received by the board of directors and ladies auxiliary and secretarial staff and conducted on a tour of inspection thru the building by members of the Yamillo club, an organization of dormitory men.

In the gymnasium a program of gymnastic drills and apparatus work was given by several of the boys' classes and the leaders' corps under the direction of I. G. Maxwell, physical director, and Roy E. Armstrong, associate director. In the special match volleyball game at six o'clock gym class captain dy George Dupius defeated the Five o'clock class headed by Dr. J. B. Poling, 2 to 0.

As a special feature, the large crowd in the gymnasium was entertained with a short musical program by James A. Grubb and Miss Helen Bowers, accompanied by Mrs. Grubb and Mrs. Ira Shaffer.

The program in the afternoon was concluded with a swimming exhibition in the natatorium, consisting of fancy diving, a demonstration of various swimming strokes, methods of life saving and several novelty races. Mrs. Carrio Preston also gave an exhibition of acrobatic diving. Following the program refreshments were served in the banquet room by members of the Ladies' Auxiliary.

During the evening the teams of the Industrial Y. M. C. A. basketball league played exhibition games as a preliminary to the opening of the 1923 schedule next Tuesday evening.

As a part of the New Year's program of the Y. M. C. A., New Year's Open House the basketball teams of the Y. M. C. A. Industrial league played several exhibition games at the "Y." The Lima Locomotive five defeated the Garford Motor quintette in a hard fought game by a 27 to 15 score as the initial contest of the evening. Baker was the game's individual star, caging five field goals and one free throw for the Loco team.

Glinere starred for the Solar Refinery in their win over the Deisel-Wenmer team by a 27 to 8 count, making fifteen counters and ranking as high scorer for the evening. In the other game of the evening the Ohio Steel entry took the Swift & Co. team over, 28 to 8.

The Industrial league will be opened officially January 9th, with all of the teams strengthened. The schedule of games will be announced later in the week.

# KLINGER TO FILE CHARGES TODAY

Bar Body Head Ready to Act, on Demand of Trubey.

Two specific charges, upon which the disbarment of R. R. Trubey, assistant prosecuting attorney will be sought, are to be filed in common pleas court Tuesday.

The charges will be identical with those originally brought by B. F. Welty, former congressman, in his complaint laid before the Allen-co Bar association.

Clarence H. Klinger, newly elected president of the association, announced his intention of filing the charges Tuesday. They had not been prepared shortly before noon.

Filing of the papers as early as possible has been demanded by R. R. Trubey, who is accused by Welty of misconduct in office.

The two charges will comprise the original Russell case, in which Trubey is accused of seeking to use his office to force Russell to pay \$750 alleged to be due as a fee.

Retention of \$500, paid by Mrs. Sadie Morris, wife of Louis Morris, is also charged. The latter case is pending in common pleas court.

In a report filed by the bar association grievance committee Saturday, it was recommended that Trubey be expelled from the body on the basis of the two charges. A vote was not taken, but it was decided to lay the matter before the court.

One court committee has already exonerated Trubey, in connection with the Russell matter.

# LIMA BOYS TURNED OVER TO WAPAKONETA OFFICERS

Two boys, giving their names as Veda Fuller, 1205 S. Main-st, and Clyde Pugh, 1517 S. Main-st, were turned over to the Wapakoneta police Tuesday morning, after being arrested by B. and O. Railroad detectives.

The boys will be tried in Auglaize-co, on a charge of boarding a freight train and tampering with the air brakes, causing the train to stop.

# DELFOS MAN FINED

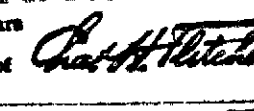

G. C. Harpster, Delphos, arrested on a charge of transporting liquor, pleaded guilty and was fined \$400 by Judge Jackson, Monday. He was released upon payment of the fine.

# STANLEY FORBES WILL DIE IN CHAIR APRIL 13

COLUMBUS — Stanley Forbes, alias "Slim" Brady, alias James Martin, 26, will die in the electric chair Friday, April 13, for the murder of Patrolman G. H. Koehler, November 23.

Sentences was passed Tuesday by Judge Henry Scarlett after he had overruled a motion for a new trial. Forbes, the first of three gunmen charged with killing Koehler, to be brought to trial, was found guilty of first degree murder last Friday.

# CHARGED WITH SEIZING TRUCK, RUNNEALS WILL BE TRIED ON WEDNESDAY

Trial of a man who gave his name as Frank Runneals, 748 W. Wayne-st, on a charge of seizing a truck loaded with bread, will be heard before Justice of the Peace W. H. Gorton, Wednesday.

The defendant, who claims to hold a mortgage on the truck, pleaded not guilty when arraigned. He will offer as a defense his right to take the truck under the mortgage. Complaint in the case was filed by B. B. Beam, W. McKibben-st. The value of the truck is \$500, and bread and other property with which the vehicle was loaded, \$66.00.

# WEST END STREET PAVING WORK COMPLETED TUESDAY

Completion of all street paving operations in the western portion of the city will be completed Tuesday, John H. Jewhurst, city engineer, announced Tuesday.

Machinery will be transferred immediately to Vine-st and the officials of the Andrews Asphalt company believe all paving work in the city will be completed by Wednesday night. Heavy snow during the latter part of the past week was responsible for the delay in the paving program. Had it not been impossible to work, the pavements could have been completed last week.

Jewhurst assumed office Tuesday morning and spent most of the day getting the work of the department lined up. He fills the vacancy caused by the death of Vaughn C. Miller, city engineer.

## PREMIER FALL IS BIG '22 EVENT

Lloyd Georges Defeat, Subsequent Events Show.

LABOR PARTY GAINS POWER

Unemployment Is Big Problem for Coming Year.

By P. M. SARKI

LONDON.—(By United Press).—From the national and international viewpoint the outstanding event of England in 1922 was the overthrow of David Lloyd George, after almost exactly seven years as premier and seventeen years as a cabinet minister.

Lloyd George resigned with dramatic suddenness, October 19, after the new historic conservative caucus at the Carlton Club, when the Conservative—and predominating—wing of the Lloyd George coalition government threw over its own leaders, Austen Chamberlain, Viscount Birkenhead and Sir Robert Horne, and voted for a return to the old party system of government.

Lloyd George might have retained the premiership and called an election, and perhaps have fought a winning battle, but with characteristic instinct, he sensed the political storm and quit, leaving the Conservatives to form a government and fight without a platform.

**ESCAPES DEFEAT.** That the country returned Andrew Bonar Law with a fairly comfortable working majority at the general election, November 15, proved the correctness of George's judgment, as he thus escaped the political ignominy of a defeat as premier.

Few political experts ventured to predict that his resignation marks the political end of Lloyd George, for the strength of the pro and anti-Lloyd George feeling in the country is still an unknown quantity. Lloyd George had been so viciously attacked throughout his whole political career that the average Britisher was not sure whether he wanted him or not. Apparently in the November elections, British voters decided that they were just a little tired of Welsh brilliance and "wizardry" and preferred to give Bonar Law a chance with his policy of "tranquillity." How long this feeling will last remains to be seen. A British government can last five years, but Lloyd George, or the rapidly rising labor party may be able to force another election within the next two or three years.

Apart from the defeat of Lloyd George the next most striking political event of the year was the huge increase of strength of the labor party as the result of the elections. Having secured the election of 142 members—more than double their previous highest strength—Labor became the official opposition for the first time in the history of the party. On an electorate of roughly 15,000,000, labor polled 4,326,245 votes against the successful conservative government's 5,821,245. Asquith's liberals polled roughly two and three-quarter millions and Lloyd George liberals one million and a half.

The Roman Catholic world suffered a great loss by the death (Jan. 23) of Pope Benedict XV. He was succeeded by Cardinal Ratti, who was elected sovereign pontiff under the style of Pius XI, February 6.

**DEATH OF POPE**

The burning politico-economic question of the year was unemployment and labor troubles. There were no big strikes in 1922. But the roll of unemployed drawing the government's unemployment "dole" continued to number between one and a half and one and a quarter millions, and formed a plague-spot striking at the very roots of British industrial and commercial stability. Towards the end of the year the trade outlook showed gradual improvement.

The most serious problem the government has to face for the next twelve months will be unemployment.

Financially, 1922 found Britain heavily taxed, but still paying her way and the pound sterling rising in all the financial markets of the world.

**HAMBURG-AMERICAN LINE IS LAUNCHING NEW SHIPS**

HAMBURG.—The Hamburg-American Line, of which Chancellor Cuno is director, have announced plans for greatly increasing the tonnage of their shipping facilities during 1923.

Several new ships will be launched. The "Thuringia," "Westphalia," "Albert Ballin" and "Deutschland"—now in process of building—will make their maiden voyages during this year.

The first of the new ships to sail will be the "Thuringia" which will enter the trans-Atlantic service on January 18.

## SOUTHERN NEGROES ARE GOING NORTH

ATLANTA, GA.—An alarming exodus of negro labor from the fields and factories of Georgia to the big industrial centers in the north and east is on, labor agents here say.

The negroes are being induced to migrate north and leave the south by labor recruiting agents for large concerns on promises of better wages and more social equality.

Large employers of negro labor in the Southwest have become alarmed over the exodus and steps will be taken to curb the activities of the recruiting agents, they have announced. Plans are being prepared to prosecute recruiting agents found to be operating without state licenses.

## TWO THRONES ARE TOPPLED OVER

Change in World Rulers of Past Year Noted.

NEW YORK.—(Special).—The year, 1922 witnessed the toppling of two thrones, the assassination of one European president and several normal or automatic changes of rulership.

Greece expelled King Constantine, Sept. 27, as the result of a military revolt (due to the collapse of the Greek army in Asia Minor). Although a revolutionary committee remains in control, George II (son of Constantine) was placed on the throne.

Turkey (as represented by the Kemalist Assembly at Angora) expelled Sultan Mohammed VI, and abolished the Sultanate, Nov. 19. Abdul Mejid (son of former Sultan Abdul-Aziz) was elected Caliph, or religious head of the Mohammedan world.

Pres. Narutowicz of Poland was assassinated Dec. 16. The new Republic immediately and peacefully began proceedings to fill his place and apparently no serious trouble is probable.

Two new states came into being. Egypt, on March 15, was transformed from a British Protectorate into an independent country with Ahmed Fuad (former Sultan), as King.

The Irish Free State commenced life as a self-governing British Dominion, Dec. 6, with Timothy M. Healy as governor general and William Cosgrave as president of Dail Eireann (Premier).

China, as the result of a long-drawn internal struggle, elected (June 11) a new president—Li Yuan-hung.

Mouza saw a change of rulership. Prince Louis succeeding to the throne June 26, on the death of Prince Albert.

New Presidents were elected, according to constitutions, in Argentina, Dr. Marcelo de Alvear; Brazil, Dr. Arthur da Silva Bernardes; Colombia, General Pedro Nel Ospina; Haiti, Louis Borno.

The Roman Catholic world suffered a great loss by the death (Jan. 22) of Pope Benedict XV. He was succeeded by Cardinal Ratti, who was elected sovereign pontiff under the style of Pius XI, Feb. 6.

**BLIND IN PARLIAMENT**

LONDON.—There is one blind man among the newly-installed members of the British Parliament. He is Frederick Martin, Liberal member for East Aberdeenshire. Mr. Martin is blind as the result of his war experiences, yet he is able to do most things, including the following of his favorite habit of fishing, as his sight were unimpaired. He is the third blind man to sit in parliament during the past fifty years.

**The Best Cough Syrup is Home-made.**

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every passage, loosen a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and whooping cough.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

## DID WONDERS FOR A LIMA LADY

Plant Juice Gave Her Relief From Terrible Stomach And Bowel Trouble

IS GLAD TO TELL OTHERS

"Your Plant Juice proved to be a wonderful medicine in my case and I am glad to tell others about it," said Mrs. Dora Ream, of 1026 1-2 South Central-ave, Lima, during a recent conversation with The Plant Juice Man, who is now meeting large crowds of local people daily at Hunter's drug store, 49 Public Square.

"For a good many months I had suffered terribly with my stomach and bowels," Mrs. Ream continued. "It seemed that everything I ate would make me bloated and cause a terrible burning feeling and pains in my stomach. I also suffered badly from pains in my side and head. I had no appetite and was nervous and could not rest at night."

"I read about your Plant Juice and started taking it and will say that it surely has worked wonders for me. I have a good appetite now and my food does not make me bloated as it did before. The burning feeling in my stomach and the pains in my side and head are about gone. My bowels are getting in fine condition and I am able to sleep well."

Many people who take Plant Juice say this remedy seems to have a surprising effect upon the stomach, liver and kidneys. They say it seems to act like magic in cases of indigestion, fermentation of food, gas and bloating, dyspepsia, pain and misery in the stomach and chest, foul breath, unclean tongue, pains in back and constipation.

The Plant Juice Man is at Hunter's drug store, 49 Public Square, Lima, where he is daily meeting the local public and introducing and explaining the merits of this remedy. Free samples given.

Plant Juice is sold in Lima at Hunter's drug store at Main and Wayne-sts. and at the Argonne drug store, opposite Post Office.—Adv.

## BULLISH INK WINS BUSINESS START

Youth's Remark Brings Him Fame In Wall Street

BECOMES MEMBER OF FIRM

Speedy Rise Is Commented On By Forbes

(BY E. C. FORBES)

NEW YORK — (Special)—One day a youth walked briskly into the Stock Exchange house of J. M. Prince and Company to give the ticker a fresh dose of ink. Theodore Prince looked up and greeted him with, "What are you putting on, bullish or bearish ink?"

"Bullish ink," the bearish ink has all gone," came the immediate reply.

"Do you want a job?" asked Mr. Prince.

"Sure."

"Can you start on Monday?"

"Yes."

That was about eight years ago.

This month the ticker-inking youth was admitted to partnership in the firm, one of the recognized leaders in the investment bond field.

He was "Tommy" eight years ago. He is Thomas G. Campbell now. How's that for rapid advancement?

I had a pleasant surprise this week when Herbert Fleischacker, San Francisco's leading banker, dropped in for a chat.

Let me say this. I have knocked around the world a good deal and lived in many different towns and countries. Yet I know no place where it is easier to make money.

Wherever I go, I find friends. I have made many acquaintances and friends in all parts of the United States. But I rather think the Californians have a happier knack of being friendly than are the people of any other state.

Perhaps I should qualify this by saying that, while I have paid flying visits to a few parts of the South, I have never made any extensive tour of investigation thru that important part of the commonwealth. I'm planning to do so next year, and I am not at all sure that the Southerners will not prove as cordial and as friendly as even the Californians.

Mr. Fleischacker has already arranged one important financial deal since he hit New York, a deal which will greatly benefit not only the people of the Pacific Coast, but those in Utah.

He has hopes of arranging another and even more important deal which, if carried thru, will interest not merely the Far West, but the whole country.

As I emphasized in my writings during my trip thru the United States this summer, most of the biggest industrial developments in the decade will be in the Middle West and the Pacific Slope. High railway rates are hastening this evolution.

I hear that Wall Street's most spectacular young plunger has been getting a terribly severe drubbing in Mexican Petroleum. He is understood to have been very heavily short of this stock when it was run up more than sixty points the other day.

My guess is that this daring young gentleman will one day—and perhaps sooner rather than later—go the way of all his plunging predecessors namely broke.

I have a good story that I may tell about him by and by.

I asked a millionaire the other day how his son was getting along at college. "Fine," he replied. Then his face broke into a smile. "What's the joke?" I asked.

"I had a visit with him the other day," the dad explained, "and he looked unusually spruce. I remarked to him that that was a swell suit he was sporting and that I guessed it had cost him quite a penny. 'It didn't cost me a cent' he came back.

I asked him if he could let me into the secret of how to get new

suits for nothing. Then he explained.

"Apparently, he found when he went to college that the tailors there charged much higher prices than were charged by a tailor at the place where he attended prep school. So my boy wrote this tailor and asked him what commission he would allow if he could live up to my orders. The tailor wrote back that if he could book five orders, he would make a suit for him free. My boy added quit, proudly. 'And, dad, I got ten orders, so I've another suit just as good as this that didn't cost me a penny either.'"

Being made of the right stuff, and having sensible notions about things, the millionaire father was delighted over the business-like ingenuity exercised by his son.

The incident recalled to my mind one related to me by the man occupying quite a prominent position in the world. His very dignified wife and college-bred daughter went out for a stroll near their suburban home and, hearing tremendous noise and cheering, walked toward a field where a baseball game was being played. As they approached, the road was almost blocked at one point, and from the midst of the crowd came a loud voice yelling, "Lemonade! Lemonade! Three cents a glass!" Horrors! The lemonade vendors were her own schoolboy sons?

Mortified, she hastened home, terribly upset, and when her husband appeared she narrated her humiliating experience and told him he must give the kids the severest licking they had ever had. Her indignation rose to the boiling point when he burst into laughter and remarked that he felt more like patting them on the back than applying his hand more vigorously to any other part of their anatomy.

My seven year old son last week won the first prize in the county for selling the largest number of Christmas cards. I must confess that I was tickled when he told me how entirely on his own he had gone and rung doorbells and effected sales.

Self-help is the raw material of success.

**HIGH BLOOD PRESSURE**

Physician's Discovery Safely Reduces It To Normal and Dizzy Spells Disappear.

If your blood pressure is too high you cannot pass a life of luxurious enjoyment.

Perhaps you don't know whether you have this trouble or not, but if you have occasional dizzy spells, shortness of breath, pain in the head, hot flashes, are nervous, groggy after sleep, well, your blood pressure is probably higher than it ought to be given if you don't realize it.

Normal, the prescription of a Buffalo physician, reduces high blood pressure and when this result is accomplished all the ailments caused by this abnormal condition will quickly disappear. Groves' Purifying Blood is a steady demand for NORMA—it is purely vegetable and contains nothing harmful.—Adv.

January 20 is the final date for paying taxes unless another extension is made by the county commissioners.

And less than 20 per cent of the total December collection is in the county coffers.

More than a million dollars must be taken in by January 20. Bottkins says it can't be done if every one lags back. Collections this year, he asserts, are much slower than one year ago.

"The money could be paid quickly," he said, "if people would only do so. Friday we took in \$66,000. Then Saturday collections fell away to almost nothing."

Potkins was absent a portion of last week collecting in outlying townships.

**FEW FOLKS HAVE GRAY HAIR NOW**

Druggists Say Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this thru your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights our ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

## STRIKES MARKED U. S. PAST YEAR

### Coal Walkout Most Important of Disturbances.

NEW YORK.—(United Press.)—The outstanding purely domestic features of 1922 in this country were the coal and rail strikes. Of these the coal strike was the more important, as it was and is acutely felt by practically the whole country.

Thousands of people are now suffering from the lack of fuel, and, according to authorities, no immediate relief is in sight. The rail strike, with the consequent weakening of transportation facilities is in part responsible for the present coal condition.

After numerous negotiations had failed the miners suspended operations April 1. They demanded a 10% increase in wages and the operators threatened a cut. The strike affected 150,000 miners, 250 collieries and 35 companies. Many casualties resulted from battles between the miners and bands of strike breakers, the greatest tragedy being the Herrin massacre, in which 20 men lost their lives.

The miners and the operators reached an agreement in Philadelphia on Sept. 2, which was signed in Scranton on Sept. 9. Operations were resumed on Sept. 11. The agreement is to hold for one year. Although their wages were not granted, the miners claim a victory, because their wages were not cut.

The rail strike began on July 1, when nearly all of the 400,000 union rail shophmen walked out. Troops were called out in various parts of the country to quell disorders, and travel was completely tied up in many sections.

One of the features of the early part of the strike was the marooning of 12 transcontinental trains with 2,500 passengers in the Arizona desert. Several pitched battles were fought and dozens of bridges burned.

The year was also marked by many disasters. In major wrecks and air crashes, 155 people were killed. In mine accidents, storms and floods 261 more lost their lives.

The Argonaut mine disaster in which 47 men died on August 27 was one of the most sensational. Sixty died in one hurricane in New York on June 11, and 63 in the Texas floods on April 26.

The principle deaths were Mayor General James William McAdams, on May 1, at the age of 60; Henry P. Davidson, banker and philanthropist, on May 6; Wm. Rockefeller, capitalist, June 24, at 81 years; Lieut. Belvin W. Maynard, the "Flying Parson," on Sept. 7; John Wamamaker, merchant prince, on Dec. 12.

### BANDITS TOO ROUGH; CLYDE RETALIATED

KANSAS CITY, Mo.—"Some of these bandits go too far and you just have to hit them," Clyde Zick, pie-wagon driver, meekly apologized to police.

Zick struck a pair of bandits for the second time because they were "disrespectful" when they held him up, he explained.

"I told them I had \$20 and held up my hands for them to take it. Instead of being satisfied one bandit slashed my face with a knife and the other kicked me."

"I couldn't stand that, so I hit back and they ran without taking the money."

Zick said he was held up a month ago.

"I told them to take my money, but they got rough that time, too, so I just had to kick them off my wagon and drive away," he said.

### TEACH SEX HYGIENE, HAVE SUPER RACE

CHICAGO.—(United Press.)—A race of super men and women would result from the general practice of sex hygiene, Dr. Thomas J. Allen, noted Quaker authority, declared here.

"Come out in the open," Dr. Allen declared. "Fighting the sex problem in silence and secrecy has proven a woeful failure."

Ninety per cent of the misery in the world is caused by ignorance of sex matters.

"The high school teacher who doesn't know that much of the failure of her charges in both athletics and studies is due to wasted vitality has not even cut her wisdom teeth yet."

"Proper sex instruction must be based on the truth that the fulcrum of the parents are visited on the children to the third and fourth generation."

"The Jews have survived as a race longer than any other peoples simply because they practiced a crude sort of sex hygiene taught by Moses."

### RED PEPPER FOR COLDS IN CHEST

Ease your tight aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

Red Pepper Rub is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed thru and thru. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers at any drug store. You will have the quickest relief known. —Adv.

## AWAITS DECISION

Dr. B. M. McKoin, the former mayor of Mer Rouge, La., is now under arrest in Baltimore awaiting arrival of Louisiana officials who will attempt to bring him to trial for murder in connection with the Klux probe in Mer Rouge.

## CASE UP TODAY

Doctor To Decide On Return To Face Murder Charge

BALTIMORE.—(Associated Press.)—A conference will be held today between Attorney Robert R. Carman, counsel for Dr. B. M. McKoin, and State's Attorney Robert F. Leach, to determine the former's policy at the extradition proceedings here tomorrow.

At its conclusion the attorney will either advise his client to return to Louisiana without a fight or to contest the proceedings to the last ditch.

At the request of Attorney General Coo of Louisiana, Mr. Leach will represent that state at the hearing before Governor Ritchie. Documents containing all details of the case were received by Mr. Leach yesterday.

In addition, the state's attorney received a long telegram of instructions from Mr. Coo. He declined to make known the telegram's contents.

Heretofore, Dr. McKoin has said he would do everything within his power to prevent his return to Louisiana to answer the charges. However, when it was rumored yesterday that he may not fight the extradition proceedings, he said the matter rested entirely with Mr. Carman.

## SALARY INCREASE FOR GENSEL

\$1,500 As Secretary of School Board—Ralph Austin President

James W. Gensel, president of the Lima board of education for the past year, was elected secretary of the organization for the next twelve months, at a special meeting Monday night.

The coming year will bring heavy work on the shoulders of the secretary of the board of education, and Gensel will carry many responsibilities as he will act as business manager for the board in the erection of three new schools, approved in the \$540,000 bond issue, at the last election.

Ralph W. Austin was chosen president and he will preside over the first meeting next Tuesday. Fred Calvert, retiring secretary, was named vice president. On motion by Calvert, the secretary's salary was increased to \$1,500 a year as was the salary of Miss Frances Miller, clerk to the board of education. Meeting nights for the coming year will be the second and fourth Tuesdays of each month.

## SALTS FINE FOR ACHING KIDNEYS

Eating too much meat may clog Kidneys, then the Back Hurts

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache, dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sort of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also helps neutralize the acids in the urine so it no longer irritates, thus helping to relieve bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. —Adv.

## FAMILY COMES BEFORE TOBACCO

ATLANTA, GA.—"A woman is only a woman but a good cigar is a smoke," Rudyard Kipling wrote. But the Georgia supreme court decided that a man's family should be placed above a good smoke.

The decision was rendered in the case of Nan Smith against Horace Smith, which was up on appeal after the wife had been granted \$20 a month alimony and \$50 attorney's fees.

"The defendant has stated that if compelled to pay the fees asked, he will have no money left for tobacco," the court stated. "We appreciate the pleasures of the weed, but when a man enters the bonds of matrimony he accepts many matrimonial burdens."

"One of these burdens is the support of his wife and children and when a conflict arises between the discharge of this duty and the use of tobacco, the matter must yield to the former."

TWO WOMEN CHOSEN FOR GRAND JURY SERVICE; 3 DAY SESSION IS SEEN

Prospects for at least a three days' session of the Allen-co grand jury were seen when the panel called to sift law violations started hearing testimony Tuesday.

Nine witnesses were called to testify Tuesday. Wednesday 36 witnesses are on the list and 16 others are scheduled to tell their stories Thursday.

Prosecuting Attorney E. T. Lippincott is of the opinion that the jury session may continue until Saturday.

Two women will sit on the jury, two others being excused by the court.

H. C. Hammock was chosen to act as foreman. Other members are Mrs. Flora Hartline, Mrs. Lester Baxter, D. A. Drake, Charles Boone, John Seiff, D. C. Fetter, E. B. Phengner, William Heffner, Fred Biederman, Ben Gast, John Keville, Dan Carpenter, W. E. Grubb and Howard Peltier.

## WOMEN DENY CHARGES; NEWBRIGHT DRAWS FINE AND 30 DAYS IN JAIL

Mrs. F. M. Croft, 53, giving her address 139 1-2 S. Main-st., pleaded not guilty to a charge of conducting a disorderly house, when arraigned before Judge Jackson Tuesday.

She was released in \$300 bond pending trial. Cecil Smith alias Crystal Friesner, giving her address 137 1-2 N. Central-av. and Mary Blue, Indianapolis, pleaded not guilty to being inmates of the house.

Bond was set at \$100, pending trial. J. P. Newbright, convicted last week of driving an automobile while intoxicated, was sentenced to 30 days in the county jail and fined \$50 and costs by Judge Jackson.

Costs in this case totaled \$54. In answer to stirring pleas for clemency in this case, Jackson declared that if he would be lenient to those who drove autos while intoxicated he would feel personally guilty, in event a serious accident resulted.

DELPHOS CIGAR FACTORY REOPENED TO EMPLOYEES

Employees of the Delphos branch of the DuSelle-Wemmer cigar factory resumed work Tuesday after more than a week of inaction during the holidays, while the annual inventory was taken.

The Haas Bros. cigar factory in Delphos will not commence operations again until January 10, according to an announcement Tuesday by officials.

PAPER MILL REOPENS AFTER BRIEF SHUTDOWN

The Hinde & Dauch Paper company mill, Delphos, resumed operations Tuesday after a short shutdown for repairs. The plant was closed since December 27.

Forty employees, representing both day and night shifts, a normal force began work Tuesday, according to officials of the company.

## FAMILY OF FIVE IN SAME CLASS

NORMAN.—A family of five will graduate in the same class at the University of Oklahoma here for the first time in the history of the school. A. C. Bray and Mrs. Bray will receive M. A. and M. S. degrees, and their children, Otho, 18, and Bernice and Beatrice, 16, twins, will receive S. B. degrees at spring graduation.

This will bring 19 diplomas from different institutions into the family. After completing their courses here, members of the family will strive to add more degrees to their names.

TAKEN TO REFORMATORY Robert Harmon, picked up by Van Wert-co authorities Monday on an old charge of non-support, was taken by Deputy Fred Boloy to the Mansfield reformatory Tuesday. Harmon's home is in Van Wert.

Medical Authorities Advise Caution in the Use of Preparations Liable to Contain Powerful Drugs. Never drug your system to relieve or prevent colds, grippe or "flu." Drugs are liable to affect the nervous system or weaken the heart. Hot medicinal tea is now recommended by many physicians, because it is best for the human system, acts quickly on the bowels and intestines by eliminating the excess poisonous wastes that usually tend to lower your physical resistance. Just pure, refreshing, healthful herbs from nature; that is why millions are now using Bulgarian Herb Tea to relieve and break up bad colds, and also keep the poisons flushed from the system. Many physicians now prescribe Bulgarian Herb Tea, and your druggist can honestly recommend it.—Adv.

Don't Spoil Your Child's Hair By Washing It

When you wash your child's hair be careful what you use. Many soaps and prepared shampoos contain too much free alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely harmless. It is very cheap and beats anything else all to pieces.

Two or three teaspoonfuls of Mulsified in a cup of glass with a little warm water is all that is required. Simply moisten the hair with water, and rub the Mulsified in. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to manage. Besides, it loosens and takes out every particle of dirt, dandruff. You can get Mulsified coconut oil shampoo at any drug store, and a few coupons will last everyone in the family for months. Be sure your druggist gives you Mulsified.—Adv.

## GOOD MOVE, BUT TWO YEARS LATE

PROSECUTOR LIPPINCOTT, who took the oath of office for his second term Saturday, announced the same day he would make a drive against the one hand gun, the man killer against which sentiment has been developing rapidly for the last few years.

Lippincott's ideas coincide with those expressed time after time and recommended by The Lima News since he has been in office. We are glad he has started his second term with this popular move. We are sorry he did not do it two years earlier, however. His campaign could have been well under way now instead of just beginning.

It is easy to buy revolvers and automatics in Lima and every other city of the state. They are displayed openly and are disposed of without record to anyone who has the price. Thugs may buy them by the dozen for the purpose of shooting down innocent men and women whom they would rob.

Ohio needs iron-clad regulations on the sale of such firearms. Many murders and robberies would be prevented if it were more difficult to obtain these man killers. Some states have strict regulations already and others are preparing to put them in force. Ohio cannot afford to delay. Much good might result from a national conference on this problem looking to the adoption of more or less uniform regulations which would supervise the manufacture and distribution to the end that one hand guns be kept out of reach of outlaws and those seeking to commit crime.

## MENACE OF DIVORCE

DIVORCE and marriage license records of Allen-co disclose a startling state of affairs. It is alarming to note that for every three licenses to wed issued in Allen-co, one divorce suit is filed.

It is probably not correct to say that one out of every three marriages in Allen-co end in the local divorce courts. Included in the yearly divorce record are cases wherein the principals were united on authority of licenses obtained elsewhere. Yet it is probably equally true that couples married in this county seek separation elsewhere. Hence, the application of the one-to-three statement is likely not far amiss.

Six hundred and twenty-six couples were licensed to wed in this county during the year 1922, while 220 suits for divorce were filed. Records also disclose that there were fewer marriages in 1922 than in 1921, while the number of divorce suits increased.

This newspaper has, on numerous previous occasions, inveighed against the indiscriminate granting of decrees of separation, pointing out the undeniable fact that the divorce evil is striking at the very foundation stones of the American home. More rigid marriage laws and measures that will make it more difficult to procure divorce appear to be the only solution, but even this cannot aid materially so long as there is a lack of uniformity of laws among the various states.

In Ohio, couples divorced are legally permitted to go into probate court and secure licenses to marry other mates before the ink is dry on the court decree. Children's homes are filled as a result of easy marriage and easy divorce.

Ministers and lawyers, doctors and students of sociology see the rapidly growing menace to the human race and thunder against it. However, sentiment is not developing in a sufficiently rapid manner to insure a remedying of conditions before still greater damage is resultant.

## LIMA'S FUTURE

IT is doubtful if there are more hopeful and optimistic organizations in any city than realtors and contractors. Their business demands a spirit of forward-looking helpfulness. Lima is fortunate in the possession of a goodly number of men engaged in these activities.

They do not build their roseate statements on the sands, neither do they assume to see roses where only thorns exist. They are the barometers of progress—infalible ones. The very fact that building activity in this rapidly growing city continues unabated is proof sufficient of the optimistic forecasts made from time to time by those who deal in real estate and those who build homes.

Consequently, the outlook for 1923 cannot be viewed in any other manner that roseate, taking as a basis the consensus of opinion that exists among realtors and contractors. They have a right to feel optimistic. Contracts already let assure a long stride forward for Lima in 1923.

and belowstairs. Breakfasted happily on a frankfurter sausage and wheat cakes, after taking my grapefruit raw.

The towns grows more healthy, a physique prescriber tells me, and many including Billy Jones, want no more of California. To my chamber and there spent my morning reading Captain Blood and Vanity Fair.

Thence out, and along the avenue, everywhere the snow amelt, very slushy underfoot. Having caused the sad mishap to the foot. Of the peerless, Harry O. Bentley, who dazed from paying his gas bill, slipped on the steps and fractured a bone. Now home, for many the day.

Visited anon with Mart Myers, the pioneer grocer. And he didst shew me picture of himself, driving one of Lima's first street cars. By horse, from the barns, at Cole and Market. Soon to go to the galleries of the Historical society. Saw Henry Kidder, the cold-weather starter man. Into the Jim Jolley haberdashery. And traded six of my seven pairs of Christmas garters, for a new suit of pajamas, very nifty.

Home, to lunch with my family, my mother-in-law being also there present. And we made merry and gay, Dee on her banjo uke, and I on the short neck guitar. With my

wife, poor wretch, blowing the air on the piano. All the afternoon at the kitchen accounts, and taking invoice. And I fear there is an undercharge to the White Mountain milk, and an overcharge to the coal items. There was one hen, for which no second servings appeared. This being greasy waste, methinks, on the part of the steward. Who was Auntie May-me, and now she gone, where I can not reproach her. As she so well deserves.

In the evening, dropped in upon the diners at Santa Inn. Many wearing Tuxes, and the ladies after greasy pains with their faces, still showing of age. A deadly disease, they fear much. And rightly. The men, noble in their white linens, and some even with white wescots, very ill chosen for wear with the loose coat.

Now comes the melancholy dawn of the bill man. What fun to buy, what penance to pay. But if you can't pay, howbeit, they can't get. And the moon shiners have the gaols filled to overflowing.

And what the public wants to know. Is. If the city can force you to remove the snow in front of your premises; who can force the city to cleanse the crossings? The goose and the gander story apropos here. Late, saw a poker game turn the curtains. And in the Hollywood section, too. So, home, to bed.

## FOR THICK OR THIN

Some stout persons are not fat and some fat ones are none to stout. The actual weight alone, taken in relation to height and age and sex, is a rough and ready but not an accurate criterion of nutrition. Certain individuals weigh precisely what they should weigh for age, sex and height, yet are too fat—their poundage is too largely made up of fat and not enough of muscular substance. The only criterion of nutrition which would be at all accurate is density—a comparison of actual weight with the weight of water the individual would displace—specific gravity. Fat has low specific gravity—it floats. Muscle has greater density—it sinks. In the months of military training when we were preparing for war thousands of young men who had left sedentary jobs to join the army gained 10 or 12 pounds in weight—new muscle tissue.

Some stout persons who are not too fat therefore do not lose weight when they follow a vigorous exercise regimen with that end in view, they may even add a few pounds of new muscle. Some thin persons whose physical education has been sadly neglected do put on several pounds of weight during the first six or eight months of a faithfully followed daily exercise regimen. Other stout persons whose bulk is too largely slack fatty tissue slough off weight at a great rate on an exercise regimen. And by the same token, other thin persons who have always been fairly active physically and whose body therefore is relatively high in specific gravity, notice no appreciable effect on weight from exercise.

That fat feeling, so frequent among lazy young women, is a great blessing, after all, for it does lead

to much needed exercise; the exercise improves health and appearance and feelings as it increases body density. The good effects become apparent even the actual weight is not materially reduced.

It is a pity that we have no convenient means of measuring body density, say a tank of distilled water at its temperature of maximum density (39.2 degree F.) level full, and a scale arranged to weigh the overflow when the subject is immersed. Some of these pampered soft ones would certainly register a mean displacement.

## QUESTIONS AND ANSWERS

Brain Games

These require your excellent recipe for brain merrits. A neighbor praises them constantly—Mrs. B. W. J. Answer—One egg soundly trounced a pinch of salt, butter the size of a walnut, melted, one sprig each of sweet milk, wheat flour and wheat bran, a teaspoonful of baking powder. Do not handle the batter roughly or drop it on the floor. Bake in gem tins.

Neuritis and Old Stiff

I notice some one asked the symptoms of neuritis and you seem to think there is no such thing. I am now under the doctors care for neuritis and I guess I am one of the best doctors. He gives lectures in the hospital—V. C. Answer—No, you misunderstood. I do not tell the symptoms of a disease, because I think that would do more harm than good. I have repeatedly told the cause of neuritis here.

Olives Oil Habit

Would the daily use of three or four table-spoonfuls of olive oil for a year or more in any way injure the health or stomach?—Mrs. B. W. J. Answer—No, olive oil is a wholesome article of food.

What Does It Mean?

You said recently that nervous breakdown tells no tale but merely begs the question. Just what do you mean? Is the overwork theory a myth, then? Or are the nervous symptoms due to trouble in some other organ than the nervous system?—G. D. H. Answer—The overwork is just a soothing notion for an invalid to entertain. "Nervous Breakdown," so called, is usually due to some real disease.

## SNOW IN THE CITY

The beautiful snow! The beautiful snow! It swiftly grows dirty and sloppy to view. It falls on the roofs and the pavements below. It harbors bacilli of colds and the flu. In flakes that come floating down gently and slow. Till half of the populace sneezes "A-choo!"

The beautiful snow! It's not beautiful long. When trampled by feet of the hurrying throng. It isn't a subject for music and song. For even as downward it airily flutters, it mucks up the streets and it chokes up the gutters, And 'Darn all this snow!' the pedestrian mutters,

The temper of drivers it woefully wrecks. It slides off the roofs down the passer-by's necks. It knows no distinction of age or of sex.

It melts, and clear over the curb-stones it washes, It overflows rubbers and soaks thru galoshes, On furs and on gowns of the women it splashes,

The beautiful snow! On the city it steals, It causes the skidding of automobiles, And makes you get out and put chains on the wheels.

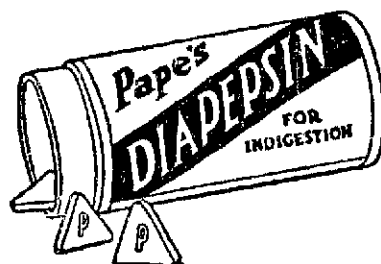

The beautiful snow! In the country it's so, But here in the city we greet it with woe, The far, far from beautiful "Beautiful Snow!" (Copyright, 1922.)

In addition to the electrical fixtures for this home, we supplied the doors, sash, glass and builders' hardware.

More than 2,000 people took advantage of The Lima News invitation to attend the open-house reception at the new Ray Campnell home on Rosedale-av. New Years day. Previously, despite the fact that the weather was against a big attendance, more than a thousand people visited the home.

Monday, there were men and women present from all parts of the country, many coming from Columbus, Canton, Toledo, Dayton, some from other states and one builder from London, who is visiting in Ohio, spent a part of the day there.

Built of all fine materials furnished thru Lima concerns and by Lima contractors and labor, and completely furnished ready for housekeeping by Lima stores, the new Campnell model home proved a decided attraction and met with the universal commendation of all who saw it.

To accommodate the thousands who could not get in to view the house Monday and previous days, open house will be continued thruout the ensuing week, including next Sunday.

Open house will be held from 2 to 5 in the afternoon and from 7 to 9 in the evening each day.

"The attendance is one of the most remarkable I have ever witnessed," said a builder from Canton, who recently witnessed a similar undertaking in that city.

"You surely have accomplished a wonderful showing, fully demonstrating a new modern home and its complete household equipment," said another visitor from Columbus.

The floors are of hardwood upstairs and down. The J. S. Moulton Co. installed the built-in features and interior woodwork. The Lima Lumber Co. supplied the other lumber. The electrical fixtures are by Riddle and supplied by the R. P. Jones Hardware. This firm also supplied the doors, sash, glass and builders hardware.

All the beautiful furniture is supplied by The Rowlands Co.

A wedding of unusual interest was that solemnized New Year's Day at high noon when Miss Eleanor Ruth Bower, daughter of Mr. and Mrs. A. S. Bower, W. North-st., and Roland Perry Shook, son of Mr. and Mrs. B. F. Shook, formerly of this city, now of Springfield, were united in marriage. The ceremony took place at the Bower residence and was a quiet affair, but beautiful in its simplicity and solemnity.

The Rev. Albert Edwin Smith, president of Ohio Northern University and a life long friend of the Bower family, read the service, received the vows and pronounced the benediction in marriage in the presence of the members of the immediate families.

The ceremony was read in the living room before an improvised altar of palms. Pink rosebuds and narcissus, effectively arranged thruout the rooms for the occasion, added a pleasing note.

The single ring ceremony was used and the wedding music was played by Mrs. E. A. Meek, of Ft. Wayne.

The bride was attired in an attractive gown of black lace over blue metal cloth. Her corsage was of bride's roses and valley lilies.

An elaborate wedding dinner was served at the Bower home immediately following the ceremony. A huge mound formed of pink roses and narcissus adorned the centerpiece at the bridal table while pink cathedral candles tied with lavender tulle shed a pretty glow. Nut baskets while the place cards carried out the prevailing color scheme of lavender and pink.

The smaller tables were crisscrossed with tall cathedral candles, while sprays of rosebuds were scattered here and there.

Following the dinner, Mr. Shook and his bride left on a 10 days' wedding trip thru the east and upon their return to this city will be at home in the Aberdeen-apts, W. Elm-st.

The bride's going away costume was a midnight blue suit of dress de laine with trimmings of aqueduct and a modish hat of silver cloth.

The bride possesses a pleasing personality, which has won her a wide circle of admiring friends.

Out-of-town guests for the ceremony included Mr. and Mrs. B. F. Shook and daughter, Evelyn, and Mr. and Mrs. Harry Shook, all of Springfield; Dr. and Mrs. A. E. Smith, Ida; Mr. and Mrs. A. W. Busche, Mr. and Mrs. L. L. Parnell, Mr. and Mrs. J. L. Stoneburner, all of Cleveland and Mr. and Mrs. E. A. Meek, Ft. Wayne.

Mr. and Mrs. C. S. Wilson and Mrs. Sarah Stowell provided at an attractive New Year's dinner at the Hotel Barr, Monday.

The dinner table was prettily appointed in a color scheme of green and red. Red carnations graced the center while red cathedral candles burned at either end of the table. Place cards and nut baskets were in red.

Covers were arranged for Dr. and Mrs. T. R. Thomas, Dr. and Mrs. Albert Jones, Mr. and Mrs. M. Pierce, Miss Catherine Jones, Miss Josephine Wilson, Messrs. Harold King and E. N. Pierce, Mr. and Mrs. Wilson and Mrs. Stowell.

Mildred Jean has been chosen as the name of a daughter born to Mr. and Mrs. George Hawthorne, 613 S. Pine-st. Mother and daughter are doing nicely.

Miss Ouida Louder, formerly of this city, returned to her home in New York after visiting over the week-end with friends and relatives.

Misses Janet White, Marion Cable, Mary Dille, Bob Drake, Catherine Galvin, Ruth Wells and Helen Hughes returned Tuesday to Oxford to resume their studies after spending the holidays with their parents.

Mrs. Albert E. Stacey, 117 N. Pierce-st., will be hostess to the members of the Excelsior club, Thursday afternoon.

Misses Madeline Diedrich and Jeannette Hum, both of St. Marys, were week-end guests of Mr. and Mrs. F. A. Smith, E. Kirby-st.

Mrs. Willard M. Price and daughter, Miss Florence, Olmsted-apts., returned Monday from Sharon, Pa., where they visited over the holidays.

Miss Marie Bowles, W. Spring-st., returned from Fremont and Tiffin, where she enjoyed the holidays.

Miss Esther Bryer returned to Oberlin to resume her studies at the Oberlin Conservatory of Music after a visit with Miss Lillian Lippincott, W. Spring-st.

Harley Sile, Shawnee, returned to Columbus to resume his studies at the Capital University, after visiting with relatives and friends in this city over the week-end.

Miss Helen Basings will return Wednesday to Stamford, Conn., where she is in charge of the dramatic department at Glen Eden school after spending the holidays with her mother, Mrs. M. U. Basinger.

Mr. and Mrs. P. M. Hulsken, State-st., are home from a 10 days' trip to New York and Washington.

Neil Shaw, Howard Hawkins, Darrell Corps and Harold Allen returned Tuesday to Lafayette, Ind., where they are students at Purdue University, after spending the holidays with their parents.

Miss Josephine Garretson, S. McDonald-st., returned Monday from Youngstown, where she visited over the holidays with Miss Sarah Walton.

Mrs. Inez Williams returned to Dayton after visiting over New Years with relatives in this city.

Mrs. E. J. Newland and grandson, Master Ira Rex, S. Pine-st., are home from Dayton, where they spent the holidays with Mr. and Mrs. A. C. Blain and family.

## Susie Smart's Advice

Dear Miss Smart: I HAVE been engaged to a young man for some time and was certain of my love for him until recently. I met another man, who has confessed his love for me, and asked me to marry him. Altho I deeply regret to say it, I feel that this man is the one for me. I am at a loss to know what to do. I haven't the heart to disappoint either one of them and sometimes I feel it would be best to refuse to marry either of them. What is your advice?

Dear Miss Smart: I T seems true that you are in quite a quandary. If these young men really care for you, as I presume they do, your plan would make both of them unhappy. And, of course, if you care for them, this step would only result in unhappiness for yourself. It seems like a useless and unnecessary sacrifice from all angles.

If you feel that your love for your present fiancé is not genuine and sincere, it would be only fair to him to offer him his freedom. He will be very deeply hurt and disappointed, very probably, but under the circumstances he would not desire to marry you, knowing that your love is not sincere.

It would be a wise plan for you to wait another year before entering another engagement, that you may be certain of your feelings.

Dear Miss Smart: I know a young couple soon to be married and I would like to have you suggest a suitable gift. (2) Will you please tell me the kind of a present for a twentieth wedding anniversary? (3) I want to start a home chest and would like to have a list of the things one puts in such a chest. (4) Are snapshaws, when enlarged and tinted, as acceptable as large photographs, or used as such?

JOJO. (1) Silver bread tray, artistic picture, vase, bridge lamp, mantle clock, samovar tray, candle holders, silver flower basket, book-ends,

madera napkins or anything in the Madeira line. Of course, the depth and standing of the friendship of the couple should be taken into consideration before purchasing a wedding gift. If they are simply good friends but not of long standing nor very close friends, an inexpensive gift is far more appropriate. (2) Anything in the line of china-ware would be suitable for a twentieth wedding anniversary gift. (3) A girl may make her home chest as large or small as she desires—all in accordance to what she feels she can afford. Of course, a home chest should include tablecloths, napkins, sheets, pillow cases, guest towels, bath towels, luncheon set, dish towels and any other articles she may choose to add. (4) Perhaps so.

Dear Miss Smart: (1) What is the average height and weight of a girl 16 years old and of boys 14 and 15 years old? (2) What colors are suitable for a young girl with blue eyes, light brown hair and a rather light complexion? (3) What type is she, blonde or brunette? (4) What kind of material is popular for dresses this winter?

"PEGGY". (1) The average height of a girl of 16 is five feet, one inch, while the average weight is 112 pounds. Four feet, 10 inches and 95 pounds are the approximate height and weight for a boy of 14 years while four feet six inches and 76 pounds are the average height and weight of a boy 15 years of age. (2) Any colors, which are becoming to her are suitable to her particular type. Blond. (3) Polka dot, tricot, canton crepe, charmeuse satin, etc.

LINGERIE. Chinese embroidery is being applied now to lingerie as well as to blouses and gowns. Nightgowns are being made of two or three layers of chiffon or georgette, to give a changeable effect.

# CAPTAIN BLOOD

BY RAFAEL SABATINI

conceived that for him this was the end of the world.

"You are in no haste, it seems, to declare the same at the Secretary's office." The emissary had a proper bureaucratic haughtiness.

Nuttall's weak eyes blinked at a redoubled rate.

"To... to declare it?"

"Ye know it's the law."

"I... I didn't, may it please you."

"But it's in the proclamation published last January."

"I... I can't read, sir. I... I didn't know."

"Faugh!" The messenger withdrew with his disdain. "Well, now you're informed. See to it that you are at the Secretary's office before noon with the ten pounds surety into which you are obliged to enter."

The pompous officer departed, leaving Nuttall in a cold perspiration despite the heat of the morning. He thought it very likely that the whole plot would be discovered, and that he would probably be hanged, or at least branded and sold into slavery like those other damned rebel-convicts, with whom he had been so mad as to associate himself.

Nuttall snatched up his hat, and went out in quest of Peter Blood. But where look for him?

Finally he determined to go up to Colonel Bishop's plantation. Probably Blood would be there. If he were not, Nuttall would find Pitt, and leave a message with him. He was acquainted with Pitt and knew of Pitt's share in this business. His pretext for seeking Blood must be that he needed medical assistance.

And at the same time that he set out, Blood was setting out from Government House at last, having so far evaded the Governor's condition as to be permitted to depart. Being mounted, he would, but for an unexpected delay, have reached the stockade ahead of Nuttall, in which case several unhappy events might have been averted. The unexpected delay was occasioned by Miss Arabella Bishop.

They met at the gate of the luxuriant garden of Government House, and Miss Bishop, herself mounted, started to see Peter Blood on horseback.

"Good morning, sir," she hailed him pleasantly. "It's close upon a month since last I saw you."

"Twenty-one days to the hour," said he. "I've counted them."

THEY MET AT THE GATE OF THE LUXURIANT GARDEN OF GOVERNMENT HOUSE.

Peter Blood went off in a state of mind bordering on despair. A postponement of the escape at least until tomorrow night was necessary now, and postponement must mean the discovery of Nuttall's transaction and the asking of questions it would be difficult to answer.

Not until the early hours of the morning did Peter Blood succeed in making a temporary escape from Government House on the ground that he required certain medications which he must, himself, procure from the apothecary.

On that pretext, he made an excursion into the awakening town, and went straight to Nuttall.

"It will be for tonight, instead," he said, with more assurance than he felt, "if I have to bleed the Governor to death. Be ready as last night."

"But if there are questions meanwhile?" bleated Nuttall.

"Answer as best you can. Use your wits, man. I can stay no longer." And Peter went off to the apothecary for his drugs.

Within an hour of his going came an officer of the Secretary's to Nuttall's miserable hotel. The seller of the boat had duly reported the sale at the Secretary's office.

"We are informed that you have bought a wherry from Mr. Robert Farrell," said the officer.

"That is so," said Nuttall, who

So well did Blood take him that within an hour he contrived to see Nuttall, and found the fellow as disposed to the business as Dr. Whacker had predicted. When he left the shipwright, it was agreed that Nuttall should seek the boat required, for which Blood would at once produce the money.

At the end of some three weeks, Nuttall informed him that he had found a serviceable wherry, and that its owner was disposed to sell it for twenty-two pounds. That evening, on the beach, Peter Blood handed the sum to his new associate, and Nuttall went off with instructions to complete the purchase late on the following day, and then bring the boat to the wharf, where under cover of night Blood and his fellow-convicts would join him and make off.

At sunset Peter Blood was hailed by Colonel Bishop. "There's the governor, with an attack of gout, screaming like a wounded horse. Be off, man—away with you at speed to Government House. Beat! lead him a horse, Kent, or the lout'll be all night getting there."

"They hurried him away, choking almost from a reluctance that he dared not show. The thing was unfortunate; but after all not beyond remedy. The escape was set for midnight, and he should easily be back by then."

He mounted the horse that Kent procured him, intending to make all haste.

"How shall I re-enter the stockade, sir?" he inquired at parting.

"You'll not re-enter it," said Bishop. "When they're done with you at Government House, they may find a kennel for you there until morning."

If he would wait a moment they would ride back together. She had but come to inquire of the Governor's health at her uncle's request.

So he waited, and so they rode back to Colonel Bishop's house. They rode oblivious of all others in the world that morning. He was telling her the story of his early turbulent days.

## ADVENTURES OF THE TWINS

### Dr. Snuffles' Surprise

BY OLIVE ROBERTS BARTON

"Well now, what is it this time, Dr. Snuffles?" asked the Green Wizard kindly.

A week after Dr. Snuffles paid his first visit to the Green Wizard, he came again.

"Ting-a-ling-a-ling," went the doorbell of the big pine-tree where the Wizard lived.

Nancy answered it as she had before. Dr. Snuffles climbed the steep stairs, the Green Wizard said how-do-you-do and Nick set a chair—all exactly as it had happened before.

"Well now, what is it this time, Dr. Snuffles?" asked the Green Wizard kindly. "What can I do for you? Didn't my magic medicine cure all your patients?"

"Yes, yes indeed," said Dr. Snuffles. "It was wonderful! Mrs. Rabbit said her dyspepsia was completely gone. The only trouble was that now she had her appetite, the lettuce and green stuff were gone, too. The sassa-patch garden is as brown as a potato. She'll have to wait until spring for a good square meal."

"Did it cure anybody else?" asked the Wizard.

"Land yes! old Mr. Mud Turtle is completely over his hay-fever."

# Starts Cold Motors Easily

## Why Red Crown Gasoline is Quick-Acting in Winter

**RED CROWN** Gasoline successfully meets the unusual demands of Winter driving. It gives quick motor starts, brisk acceleration, full power and long mileage—just as in warmer seasons.

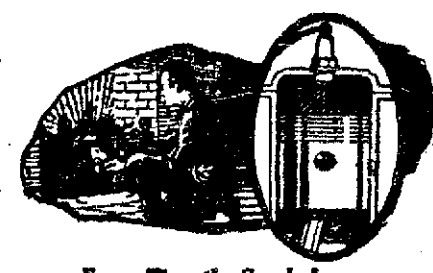

Red Crown gives this reliable service in cold weather because each year this Company refines it to special Winter-time standards—standards of gasoline quality which this Company knows to be correct through its long experience in refining and in its own year 'round operation of hundreds of motor cars and trucks.

It is not necessary to pay a premium for the quick-starting qualities of "high-test" gasoline. The Red Crown you buy today at service stations and at dealers has the greater volatility which starts your motor easily on cold and frosty mornings. And it is still the gasoline with the complete chain of boiling points, with the heat power and range required to operate a motor efficiently under all the varying conditions of weather, engine speed and load.

The complete chain of boiling points in Red Crown and their effect in the automobile engine may be compared to the action of the paper, kindling and coal in the ordinary grate fire.

The low initial boiling point—like the paper in the grate—gives quick, easy starts. The intermediate boiling points—the "kindling"—give smooth acceleration. And the higher boiling points—the "coal"—give full power and mileage.

Red Crown Gasoline will operate your motor on a lean economical mixture all year 'round. There is satisfaction in knowing that Red Crown is uniform wherever you buy it and that it is available everywhere in Ohio.

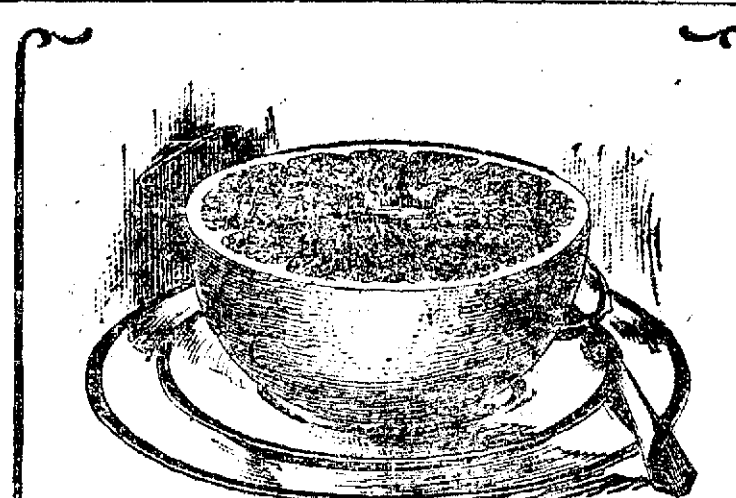

Every Time the Spark Jumps It Sets Off a Well-Laid Fire

Each year at the approach of cold weather, the boiling points of Red Crown Gasoline are lowered at the refinery. This makes Red Crown more volatile; makes it vaporize more readily and start cold motors more quickly. This practice is followed regularly as a part of our policy of service to the motorists of Ohio.

# RED AND GREEN CAGERS OVERWHELM GOMER QUINTET

## THRILLS LACKING

(BY FRANKLYN DOAN)

Central's superior basket shooting was too much for the Gomer Hi quintet New Year's night on the Central floor and the latter went down to defeat 44-16.

From a close interesting game during the first half, Central spurred into a lead that clinched victory and the largest scholastic score made in Lima so far this year.

Gomer led the offensive in the first half and were determined to take victory home with them.

It has always been the desire of Gomer teams to win over Lima but according to the way the dope stands now they will have to wait another year, make some New Year's resolutions to win and then go to it again.

Swisher, Central's steady forward, was the star of last night's encounter. His excellent basket shooting not only featured but his sure way of breaking up the opposing passwork and then getting his own to work brought much applause from the fans. The rangy forward clipped seven field goals thru out of eleven attempts.

The scoring started right when Swisher slipped thru the first basket on a long shot. Seely followed soon after with one of the same variety. Vandemark, the Gomer center started things his way when he put one thru making the score 4-2. Bayh made it 6-2 with two well placed fouls called on Pettit for holding Swisher's second goal put the Red and Green still further in the lead, 8-2.

Pettit and Sharritt each rung one and Bayh added another on a foul making the score 9-6. Burdette and Swisher each made one and Vandemark shot another. The score stood 15-8 at the end of the first half.

In the second half Gomer came to with a vengeance but after bringing the score to 13-12, they went to pieces and Central started the walk-away which resulted in fifteen baskets and a foul goal, the game ending, 44-16.

The Red and Green are now coming down to their regular form and although a comparatively green team, they are determined to make it hot for many of the so-called experienced veteran teams.

One of the fastest prelims seen here in the past two years was pulled off when the Central second team defeated the Sophomores 13-11. McLaughlin starred for the former while Cook was the luminary for the Sophomores.

Lineup and summary:

## EAST IS BEATEN

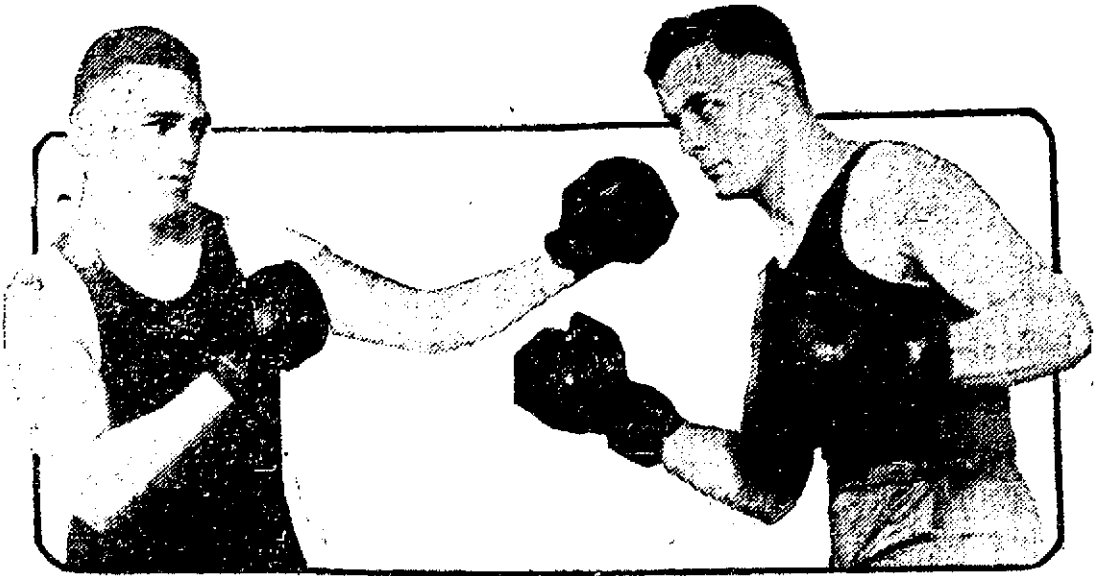

**SAN FRANCISCO**—The University of Southern California which defeated Penn State College 34 to 3 yesterday at Pasadena, Calif., was the only Pacific Coast institution to win in three New Year's Day games which closed the 1922 football season.

Except for the first quarter when Mike Falan, Penn State quarterback dropped a field goal from the 19 yard line, the University of Southern California gained consistently thru the Penn State line.

## Brennan Battle To Furnish Test For Johnson

LEFT TO RIGHT—BILL BRENNAN, FLOYD JOHNSON

Is Floyd Johnson heavyweight champion?

Since coming from the west unheralded, Johnson has developed faster than any of the big men seeking a chance with Dempsey.

It certainly would be the irony of fate if Johnson wrested the title from Dempsey, for, in a way, Johnson is a protégé of the champion.

Prior to Johnson's fight with Bob Martin, in which he scored a win over the soldier champion, he was under the watchful eye of Dempsey for several weeks.

For a week in advance of the Martin bout, Dempsey worked out daily with Johnson, changed his style considerably, and in general adding much to his fitness as a fighter.

Johnson's worth as a ring celebrity is to be determined in his coming fight with Bill Brennan, scheduled for January 12 in New York.

Brennan's recent fight with Dempsey, in which he stood the champion off for 12 rounds, having an edge until the knockout came, is proof of his worth.

A decisive victory over Brennan by Johnson would put him in line for a battle with Dempsey. A knock-out by Johnson would just about make him the logical candidate.

Introduced and battling was materially increased.

During the years of the World War, the battling slumped, due to the poor material used in making the ball. The leather used to cover the ball was poor, and the yarn much inferior to other years.

In 1920 freak pitching was ruled out. The same year the so-called lively ball was introduced. During the past three years, as a result of the lively ball and an absence of freak pitching, the batters have been on a hitting spree.

In 1921, the New York Yankees made 134 home runs, more than the entire American League did in 1909.

All of which goes to show that the home run has become a common habit rather than an extraordinary feat of batting.

**HOME RUN BECOMES A HABIT**

Contrast those figures with the home-run totals in the two major leagues last season and you quickly get the big idea for Griffith's suggestion that the home run is becoming much too common.

In the National League last season 530 homers were made, while the American League was close up with 524, a total of 1054 circuit drives in the two major leagues.

Rogers Hornsby led the National League with 42 homers last year and Ken Williams, the American, with 39.

In 1921 Babe Ruth smashed all home-run records for all time with 59, beating his mark of the previous year when he made 54. In 1920 Ruth, with 29 home runs, beat the record of 27 by Ed Williamson made in 1884.

he attracted, he settled down to play even greater golf.

He won the championship of the pro golfers and defeated Hagen in a special match for the unofficial title of the world's open champion.

Sarazen has years and years in front of him and close followers of the game believe he can become America's Tilden of Golf.

Another young player of promise who defeated a veteran field for the American amateur championship was Jesse Stewer, the Yale star.

He also was a dark horse in the tournament, although it is becoming more and more a fact that practically all the young players in the important tournaments should be considered dark horses.

**FIGHT RESULTS**

**COLUMBUS**—Sid Barbarian, Detroit lightweight, outpointed K. O. Jeskie, Toledo, in 12 rounds.

**CANTON**—Frankie Schoell, Buffalo, welterweight, outpointed Billy Ryan, Cincinnati, in 12 rounds.

**CINCINNATI**—Speedy Sparks, Cincinnati, middleweight, shaded Steve Lazio in 10 rounds.

**DAYTON**—Jeff Smith, Bayonne, N. J., middleweight, won referee's decision over Fay Keiser, Cumberland, Md., in 12 rounds.

**YOUNGSTOWN**—Johnny Ray, Pittsburgh, won newspaper decision over Alec Novecky, Covington, Ky., in 12 rounds.

**PITTSBURGH**—Harry Greb, Pittsburgh, American light heavyweight champion won the newspaper decision over Bob Roper in 10 rounds.

**INDIANAPOLIS**—Bud Taylor, Terre Haute, Ind., bantamweight, knocked out Benny Vogel, Milwaukee, in the first of a scheduled 10 round contest.

**PHILADELPHIA**—Fanchio Villa, flyingweight champion, defeated Battling Murray in an eight round bout.

## BASKET BALL QUIZ

by Referee

**TOUCHES BALL**

If a player who has put the ball in play from out of bounds touches it again before it has been touched by another player, what happens?

The ball goes to an opponent out of bounds for such an offense on the part of the player putting it in play.

**AGAINST WALL**

If the ball is being put in play at the center of the court, by the referee, the ball is not regarded as a foul.

Players have to such right when the ball is not regarded as a foul. The moment the player runs up the wall he is out of bounds.

**HUGGING BALL**

If a player having possession of the ball hugs it close to his body as it is regarded a foul.

Hugging the ball is not regarded as a foul. When a player who is closely guarded so plays the ball, it is regarded as a held ball and put in play by being tossed in the air.

**POSITION**

When the ball is being put in play at the center of the court, by the referee, the ball is not regarded as a foul.

Players have to such right when the ball is not regarded as a foul. The moment the player runs up the wall he is out of bounds.

## California Wins, Two Titles From Eastern Colleges

**NEW YORK**—All collegiate sports continued to prosper during the closing year. Football, of course, because it is the greatest of college sports, attracted the most attention, but tracks and field sports, baseball and water sports drew more than the ordinary attention.

California University, whose rise to preeminence in sports has been almost a sensation in recent years, won the two greatest titles of the track and field.

With a handful of stars, the California team won the eastern, intercollegiate championship for the second time and the championship of the national association, consisting of all the big western colleges.

Pacific Coast influence was almost felt in the rowing championship on the Hudson. Washington sent a crew east that was given only little consideration in a field consisting of some of the best eight ever developed in the east.

Washington pulled the big surprise of the regatta by finishing second, behind the great crew of the Naval Academy.

Finishing second to the husky bunch of midshipmen, perhaps the finest combination of oarsmen that ever sat in a shell, was as much honor as any crew could expect.

After three years of the most brilliant work, which included the winning of the Olympic champion, two national and two intercollegiate championships, the Navy eight is now broken up and widely scattered.

but it will live on the books until another greater crew comes along.

and that will be many years hence.

While it does not come under the heading of college sports, it might be recalled in connection with the discussion of water sports, that one of America's prominent heroes during the year in international amateur sport was Walter Hoover, the Philadelphia oarsman, who won the classic Diamond Sculls in England.

From the quality of the game, the attendance and receipts and the number of fine intersectional games, football had its greatest year.

There is only one predominating defect in the game as it is being conducted at present—there is not enough room in the stands.

Claims for championships always will be in dispute until the conference idea becomes universal, with post-season games between conference games.

That idea will be years in coming, as it is not the best for the sport to give it too much importance and attention.

Princeton has the best claim for the eastern championship and the Tigers clinched the championship of the "Big Three."

Iowa and Michigan finished in a tie for the Western Conference title and both are content with a 50-50 possession of the honors.

Nebraska was generally recognized as the champion of the Missouri Valley conference and there was no eleven in a far west to approach the great California team.

The season finished in the south with Georgia Tech, Auburn and Vanderbilt claiming the title.

# FILM MARTIANS RECALL SKYGACK OF THAT ILK

(BY ESTHER WAGNER)  
OR many years man has entertained himself with speculation as to whether Mars is inhabited and as to what the customs of the inhabitants are. A rather amusing film, "M. A. T. S.," has been based on this theme.

The picture presents the inhabitants of Mars with very large ears and overdeveloped heads. They are proportionately more mental than physical and they hold humans in contempt as a race of less developed and accomplished people. The makers of this film evidently were in-

## "Thirty Days" Idiotically Funny—Quilna

**T**HIRTY Days", Wally Reid's very latest picture, is just so much sublimated idiocy. It is directed by that master farceur, James Cruze, who has been responsible for some of the screen's most adroit comedies.

Really, there isn't much common sense to the story of this picture. Wally is a youth who proposes to a girl to be rid of the flappers who pester him. The girls puts him on probation for thirty days, in which he is not to flirt.

Well, a little Italian lady (whose husband once killed a man for flirting with her) comes to his notice and attention. Wally sympathizes with her, but the aforesaid competent husband catches Wally offering the sympathy, and things being to happen. Before you know it, Wally's in jail for thirty days. He finds the villain there as a fellow prisoner.

## "The Kentucky Derby" Has Miss Gertrude Astor

**T**HERE are a number of reasons why you should see "The Kentucky Derby" now playing at the Lyric theatre. For one reason, it has a stirring race-track theme that keeps you on the qui vive most of the time. Then, too, it has Miss Gertrude Astor, of Lima's own movie player. In one of the leading feminine roles, with Lillian Rich and Reginald Denny playing opposite.

If you're of a nervous disposition, you'll be in a terrible state of mind, for when the Derby itself starts, and all the small boys down in the front rows get excited about the outcome, you simply can't hear yourself think! And nine chances out of ten you're right in with the small boys, cheering and clapping!

"The Suburban" a famous novel written by one Charles T. Dazey, forms the basis for this exciting film. Most of the scenes are laid in

## "East Is West" Offers Connie Splendid Role

**H**AVING never, much to regret, witnessed Fay Bainter in the role of Ming Toy in "East is West," I cannot say whether Miss Constance Talmadge makes as effective a Ming Toy as did the versatile Fay. However, I DO know that Connie, in the characterization of the little Chinese heroine has performed the best role of her career. In her forays at times the comedienne antics she usually resorts to, and at proper times displays real emotional talent. But she is the same clever Connie.

Ming Toy is one of a family of sixteen, whose honorable father decides to make the family one less, and sell her to a slave market. She is rescued, however, from her fate by the appearance of one Billy Benson, peppy, handsome young American.

A wily, oily, gooey Chinaman craves Ming Toy for his wife. Ming Toy likes him like so much poison, but is helpless. Until her Billy Benson hoves in sight which he miraculously contrives to do, whenever

monkey, and a mule that furnishes many a laugh.

Kinzo, a deft and interesting little Jap, is one of the best performers on the bill. Departing from the usual juggling material, he offers an entertaining novelty that does not fail to please.

Emma Earl, in "When I Was Young," gives a most interesting comparison of manners and customs in the good old days and those of the present jazz age. She is ably assisted by two gentlemen who appear almost at the end of the act.

Zeck and Randolph in "Grooming the Groom," have a comedy playlet that combines comedy and staging, piano playing and general stuff. Mr. Zeck is a comedian much like Ed Wynn, and Miss Randolph has a pleasing voice and several beautiful costumes.

Kane, Morey and Moore, three skilled artists with an amazing amount of equanimity, close the bill with a daring display of feats. One of the gentlemen, the smallest in the group, balances a peach on his forehead, while the other two gentlemen perform precarious deeds atop it. How does he do it? Ask me, I don't know.

There you are all five of 'em, not forgetting the Al St. John comedy and Fox News reel.

MUTT AND JEFF—MUTT IS UP TO HIS OLD TRICKS AGAIN—

By BUD FISHER

BRINGING UP FATHER—

By McMANUS

## SHORT SHAVINGS

Charley Barr, insurance agent, tells this one concealing a friend who was engaged as collector for a Lima firm. It was a rainy day and the collector stopped for a few minutes on the porch at the home of another citizen, to escape the down-pour.

Two children made their appearance from the home and a few minutes later their father also came thru the door and invited the collector inside until the precipitation subsided.

The collector told the children jokingly, that he intended pushing their father off the porch into the rain, whereupon one of the little folks said: "No, you ain't going to push my daddy off the porch, he would get wet."

"That would make him grow," said the collector.

"No, it wouldn't make him grow," the little chap said. "My papa ain't no poetry."

J. J. Anderson, city mail carrier, tells this incident, an occurrence while he was enroute to the post-office after lunching at home.

As he was passing the home of a friend, the owner appeared at the door and asked if the carrier would mail a letter for him. As he was waiting at the open door for the letter, Anderson heard the strains of "Carry Me Back to Old Virginia."

"Is that Alma Gluck or Galli Curci singing?" Anderson asked.

"Neither one, it's our phonograph," he was told.

"Yes, I know, but whose record is it, Alma Gluck's or Galli Curci's?" persisted.

"It's neither one, it's our'n."

Cooking is not a lost art, in the opinion of J. J. Westcott, attorney-at-law. Evidence was afforded in W. Market-st.

"I saw a well dressed young woman running to board a car," the barrister reports. "She did not know she had forgotten to take off her blue calico kitchen apron, liberally bespattered with flour."

## Would you feed your child skimmed milk?

Not an ounce of skimmed milk in Eline's Chocolate. Skimmed milk isn't good enough. All the nourishing cream and butter fat is removed from skimmed milk (whether powdered or unpowdered). The farmers use skimmed milk to feed cattle and hogs.

We use nourishing whole cream milk—from cows that feed in the fertile, emerald green fields of Wisconsin—and drink crystal pure water from spring-fed lakes and babbling brooks. That's one reason why Eline's is so supremely nourishing.

Really good chocolate cannot be made unless the manufacturer is located in a good dairying district where he can get good milk and get it fresh each day.

The Eline Plant is in the heart of the greatest dairying district in the world, not second even to the fertile fields of Switzerland and Denmark.

We use the finest cocoa beans, the purest sugar, and then we take the time necessary to make Eline's right.

Eline's is marvelously smooth and deliciously good, yet—it costs no more than common chocolate.

## Turpentine Breaks Colds!

New Turpentine Discovery Gives Almost Instant Relief for Colds, Sore Throat, Croup, Sprains, Rheumatism.

Break that cold QUICK! Don't tussle—don't go around with a tight chest or with a cough that rakes your whole body. Turpo, the Turpentine Ointment, breaks colds as it by magic. Penetrates down to the lungs and drives cold right out! Science says that nothing penetrates as quickly as turpentine. Now discovery, Turpo, combines all of turpentine's mysterious penetrating power with other wonderful healing agents. With such amazing quickness and thoroughness does Turpo act that when rubbed into the chest or throat a faint scent of turpentine can actually be noticed almost at once on the breath.

Use Turpo tonight—in the morning the cold will be broken up. Turpo also quickly stops bronchitis, pleurisy, lumbago, rheumatic pain, neuralgia, sciatica, croup and sore throat in almost no time. Turpo will not blister, burn or sting.

BREAK COLDS QUICK, with Turpo—the Turpentine Ointment, containing those other old reliable Menthol and Camphor. Get Turpo today from your druggist—30c and 60c a jar—Adv.

## -- Wheat Cakes Topped with Columbus

WHEAT cakes—hot off the griddle—with plenty of COLUMBUS and a touch of syrup to mellow it all. It's a revelation to the tired palate. The appetizing taste suggests the thought of serving "cakes" and COLUMBUS often.

## MRS. G. W. HALL SICK FOR YEARS

Wants Women to Know How She Was Made Well by Lydia E. Pinkham's Vegetable Compound

Lima, Ohio.—"Indeed, your medicine is all you say it is! I had very severe troubles such as women often have, and could do no work. I was sick several years, from reading 'My Story' I finally decided to take Lydia E. Pinkham's Vegetable Compound. I am now doing my own washing, which I haven't done for several years, and can walk long distances without those dragging pains and sore feet. The Vegetable Compound is fine, and I never forget to say a good word for it to other women when they say they need something."

—Mrs. G. W. HALL, 639 Hazel Avenue, Lima, Ohio.

There are many women who find their household duties almost unbearable owing to some weakness or derangement. The trouble may be slight, yet cause such annoying symptoms as dragging pains, weakness and a run-down feeling.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved those symptoms by removing the cause of them. Mrs. Hall's experience is but one of many.
